

VandlClean™ Super

Graffiti Cleaner

TECHNICAL DATA SHEET

Tough and Durable Graffiti Remover

Description

VandlClean™ Super Graffiti Cleaner is an environmentally friendly, biodegradable graffiti remover designed to dissolve spray paint, marker, pen, pencil, ink, or glue. It is 100% water neutralized (neutralized with water) and is safe for use near waterways, rivers, canals, and reservoirs. VandlClean™ Super Graffiti Cleaner is a citrus based, pleasantly-scented, concentrated cleaner and degreaser designed for a wide range of cleaning chores on any surface not harmed by water alone. Natural orange extracts coupled with biodegradable surfactants, dirt-suspending agents, and builders produce a formidable cleaner for everyday applications. When compared with other name brand products and other commonly used hard surface cleaners, VandlClean™ Super Graffiti Cleaner demonstrates conclusive proof that citrus performs more efficiently and effectively. It is suitable for removing graffiti from brick, cement, wood, or any porous surface. VandlClean™ Super Graffiti Cleaner may damage PVC surfaces (plastics), so it is recommended that a small area be tested prior to use. It is always best to use this cleaner in combination with VandlSystem™ graffiti-resistant barrier coatings made by Rainguard®.

Coverage

Coverage of the remover will vary depending on how heavily the graffiti is painted on the surface. Multiple applications may be required to completely remove graffiti. Allowing the product to remain in place long enough will maximize the coverage of the remover.

Mixing

DO NOT DILUTE. VandlClean™ Super Graffiti Cleaner is 100% biodegradable and neutralized in water. Water will neutralize the cleaner, making it ineffective. Once graffiti removal is complete, the surface should be thoroughly washed down with water to neutralize any remaining active product.

Application Instructions

Non-Porous Metallic Surfaces

On previously painted surfaces, polished metal, stainless steel, aluminum, or any other type of non-porous surface, spray VandlClean™ Super Graffiti Cleaner directly to the affected surface, and allow to remain until graffiti begins to dissolve. Wipe the surface clean of the graffiti.

Non-Porous Painted Surfaces

On painted surfaces, remove graffiti in small sections to ensure that the graffiti remover does not damage the surface. In a case where the graffiti remover dissolves the underlying paint, immediately neutralize the cleaned area with water. Use a clean section of the rag to remove any remaining graffiti residue once the majority of the graffiti has been removed. Always wash the surface with water to neutralize the graffiti cleaner when the job is completed.

Porous Surfaces (Brick or Concrete)

For brick or concrete surfaces, use a stiff brush to apply the graffiti remover into the porous surface. Apply the product liberally and work the product into the porous surface using a twisting motion of the brush. Allow the product to seep into the surface for a minimum of 20-30 minutes, then test to see if graffiti is dissolving. If graffiti has dissolved, you may use high-pressure water to wash the graffiti from the surface. If a pressure washer is not available, we recommend washing (scrubbing) the treated surface with warm water and an industrial-grade degreaser or soap. Rinse with fresh water when finished.

Do not use high pressure water; damage to the surface of the substrate. May result. If all of the graffiti is not removed in the first attempt, perform a second application when dry. We recommend room temperature/warm water (21°C-65°C/ 70°F-150°F). Steam or hot water may damage the surface or grouted areas.

Sandstone or Porous Concrete Surfaces

Use a stiff brush to apply the graffiti remover onto the porous surface. Apply the product liberally, and work the product into the porous surface using a twisting motion of the brush. Allow the product to seep into the surface for a minimum of 20-30 minutes, and then test to see if graffiti is dissolving. Do not use high-pressure water to remove graffiti from the surface. Sandstone is extremely soft and will be damaged by high-pressure water.

We recommend washing (scrubbing) the treated surface with warm water and an industrial grade degreaser or soap. Rinse with freshwater when finished. If shadows remain, allow the surface to dry and perform a second removal procedure.

SIZE	SKU
32 oz. Spray	VG-7300
1 Gallon	VG-7301

Storage and Handling

VandlClean™ Super Graffiti Cleaner is non-hazardous. Keep the VandlClean™ Super Graffiti Cleaner product in a sealed container and store in a cool, dry, well-ventilated storage in compliance with all current and local regulations. Keep out of direct sunlight, moisture, or rain. Maintain material in sealed containers at all times. Do not store materials in unlabeled containers. The expected shelf-life of Rainguard® VandlClean™ super Graffiti Cleaner is 24

months from the date of manufacture if stored as indicated above, in unopened and sealed containers. Liquid products should be agitated before use if they have been stored for an extended period.

Storage and Handling

CAUTION: Contains Delimonene, surfactants, lifters, and purified water. Avoid contact with eyes and mucus membranes. In case of contact, flush with water. In case of contact with eyes, flush with water for 15 minutes. If swallowed, give large quantities of water and see immediate medical attention. **KEEP OUT OF REACH OF CHILDREN.** VandlClean™ Super Graffiti Cleaner is an ideal product for high-pressure or steam cleaning applications. VandlClean™ Super will keep nozzles clean and free from corrosion

Technical Data

Material Type	Citrus Based Cleaner
pH Range	6
Viscosity	9.6 Seconds No. 4 Ford Cup
Weight	Approx. 8.7lbs./Gal
Odor	Slight Odor
Active Content	25%
Color of Material	Clear
V.O.C.	<25 gm/L
Flash Point	Flammable

Warranties

Rainguard Brands, LLC guarantees that this product is free from manufacturing defects and complies with our published specifications. In the event that the buyer proves that the goods received do not conform to these specifications or were defectively manufactured, the buyer's remedies shall be limited to either the return of the goods and repayment of the purchase price or replacement of the defective material at the option of the seller. Rainguard Brands, LLC makes no other warranty, expressed or implied, and all warranties of merchantability and fitness for a particular purpose are hereby disclaimed. Manufacturer or seller shall not be liable for prospective profits or consequential damages resulting from the use of this product. Manufacturer shall not be liable for material used outside of its shelf life. For product dating, please refer to the batch number on the product or contact Rainguard Brands, LLC.

Surface conditions and application variables are out of the control of Rainguard Brands, LLC. As such, the applicator agrees to: Follow recommended application instructions, acknowledge limitations outlined in this technical data sheet, contact the manufacturer in the event there any uncertainties, perform a test panel to confirm fit and finish before any general application. The data on this sheet represent typical values. Since application variables are a major factor in product performance, this information should serve only as a general guide. Rainguard Brands assumes no obligation or liability for use of this information. Contact manufacturer at 888-765-7070 before bidding to confirm warranty provisions and procedures.

SELLER'S LIABILITY UNDER THE SALE OF THIS PRODUCT IS LIMITED TO REPLACING DEFECTIVE PRODUCT. HOWEVER, IF SELLERS FAILS IN ITS ATTEMPT TO REPLACE THE DEFECTIVE PRODUCT, BUYER WILL BE ENTITLED TO A REFUND OF MONIES PAID TO SELLER UNDER THIS PRODUCT WARRANTY. SELLER IS NOT LIABLE FOR BUYER'S LOSS OF PROFITS, BUSINESS GOODWILL, OR OTHER CONSEQUENTIAL DAMAGES, DESPITE ANY FAILURE TO REPLACE THE PRODUCT. BUYER HAS ACCEPTED THIS RESTRICTION ON ITS RIGHT TO RECOVER CONSEQUENTIAL DAMAGES AS PART OF ITS BARGAIN WITH SELLER. BUYER REALIZES AND ACKNOWLEDGES THAT THE PRICE OF THE PRODUCT WOULD BE HIGHER IF SELLER WERE REQUIRED TO BE RESPONSIBLE FOR BUYER'S CONSEQUENTIAL DAMAGES."
