

PENETRATING WATER REPELLENTS

WHERE INNOVATION AND SUSTAINABILITY MEET

Rainguard Brands is an independently owned and operated business known internationally for its commitment to creating innovative and solution-based products. Through our portfolio of brands – including Rainguard Water Sealers, RainguardPro, Micro-Seal, and VandlGuard – our mission is to create architectural and industrial coatings that are eco-friendly and safe for the applicator, end-user, and environment.

- All Rainguard Brands products are made in the USA
- High performing products with value engineered cost
- Innovative, solution-based products
- Superior levels of customer and field service
- The best warranties in the industry
- Quick + Reliable + Guaranteed

WE'RE HERE TO HELP!

Make sure to follow us to stay up to date on new product announcements and projects:

SURFACE CLEANERS

All projects need to start with a clean surface so as not to accidentally seal any stains or debris into the substrate. Penetrating sealers are for unsealed and unpainted porous surfaces, so removal of old coatings is imperative for proper sealer penetration and adhesion.

RESTORE-N-PREP

- Removes efflorescence, & other mineral stain
- Can be used to lightly etch concrete surfaces
- No scrubbing needed unless using as an etcher

Available in a 32 oz, 1 gallon, and 5 gallon concentrate, plus 32 oz, 1 gallon & 5 gallon ready to use *shipping restrictions apply

MDR HD 100

- Removes difficult mineral, rust, & efflorescence stains
- Brightens wood & removes tannin stains
- Safe for grout, unpolished marble, & uncoated steel

Available in a 1 gallon & 5 gallon ready to use

EASYSKIN BIO STRIPPER

- Removes multiple layers of old paint & coatings
- Works in as little as 5 minutes
- Does not damage the surface underneath paint or coatings

Available in a 6 oz, 32 oz, 1 gallon, & 5 gallon ready to use

MULTI-USE SEALERS

Multi-use penetrating sealers protect the surface without changing the color or appearance. They leave no film and will not yellow, crack, or peel over time even in direct sunlight. All RainGuardPro sealers are made in the USA, water-based, and have little to no VOC's.

MICRO-SEAL

- Built for horizontal & vertical wood, masonry, & concrete
- Protects against moisture & salt damage
- Great as a primer for the RainGuardPro VandISystems

Available in a 6 oz, 32 oz, 1 gallon, & 5 gallon concentrate, plus 1 gallon & 5 gallon ready to use

MICRO-SEAL HD

- Built for horizontal & vertical wood, masonry, & concrete
- Protects against stains caused by gas, oil, & lime
- Double the strength of the original Micro-Seal

Available in a 32 oz, & 1 gallon concentrate, plus 1 gallon & 5 gallon ready to use

MICRO-SEAL SiH4

- Built for horizontal & vertical masonry, & concrete
- Reduces rebar rusting in concrete surfaces
- Protects against salt-ion intrusion & spalling

Available in a 1 gallon & 5 gallon ready to use

SPECIALITY SEALERS

Specialty penetrating sealers are formulated for specific project types. They provide invisible protection that will not yellow, crack, or peel over time even in direct sunlight. All RainGuardPro sealers are made in the USA, water-based, and have little to no VOC's.

BLOK-LOK

- Built for vertical masonry, & concrete surfaces
- Protects against moisture & salt damage
- Breathable - does not trap moisture in the surface

Available in a 6 oz, 32 oz, 1 gallon, & 5 gallon concentrate, plus 1 gallon & 5 gallon ready to use

SUPER STUCCO

- A primer & sealer for aged and new stucco
- Protects vertical surfaces against wind driven rain
- Helps prohibit the growth of mold & mildew

Available in a 1 gallon concentrate

FLOOR-LOK

- Built for horizontal concrete
- Cures, seals, & dustproofs aged & new concrete
- Can be used as a sealer before a top coat is applied

Available in a 1 gallon concentrate
