DENON®

DENON DHT-S217 SOUND BAR

Full-Range Dolby Atmos Sound Bar

The Denon DHT-S217 is a slender soundbar featuring two powerful, built-in down-firing subwoofers and Dolby Atmos 3D audio technology to create a surround sound experience without a separate subwoofer. Quickly connect devices through the HDMI (eARC) and Optical inputs or stream music via Bluetooth.

HIGHLIGHTS	YOUR BENEFITS
3D audio with Dolby Atmos	Dolby Atmos delivers spectacular, immersive 3D audio for the perfect cinema experience. Enjoy enhanced bass, crystal-clear dialogue, and enveloping sound.
Full-range audio	With two built-in down-firing subwoofers, dual mid-range drivers and tweeters, you enjoy an amazing movie and TV show audio experience when you upgrade to Denon premium-quality sound.
Wireless music streaming	Easily stream your favourite music directly from your smart device to your sound bar via Bluetooth.
4K HDMI with Audio Return Channel	Send the audio from the streaming apps built into your smart TV to the sound bar with 4K UHD HDMI (1in / 1out with eARC) via the included HDMI cable.
Denon Dialog Enhancer	Denon Dialog Enhancer improves dialogue clarity with three different modes—ideal for movies and TV shows. Turn up the dialogue without having to adjust the overall volume.
Low-profile design and wall mountable	At 2″ (66mm) tall, the Denon DHT-S217 can be placed in front of your TV without blocking its bottom edge or can be easily mounted.
Easy setup and user experience	Quickly connect to your TV with the supplied HDMI or Optical cables. Once connected, you can seamlessly control the sound bar volume with your TV remote.
Sound modes for any occasion	With four different sound modes— Movie, Night, Music, and Pure—you can choose the perfect mode for any occasion.
Pure mode	Eliminates surround sound processing and other adjusted characteristics for pure music listening.
Bluetooth compatibility	Pair your smartphone or tablet with the DHT-S217 to easily stream music via Bluetooth.
Over 110 years of audio innovation	Founded in 1910, Denon enables the moments that matter through the relentless pursuit of quality, innovation, and audio performance. We innovate for a better experience.

SINCE 1910 | DEFINING AUDIO EXCELLENCE

Dolby ATMOS   4K UHD HDR / HDCP 2.3   HDMI™   Bluetooth®

Dolby Atmos
Enjoy immersive 3D sound for the perfect cinematic experience. Feel every dimension in Dolby Atmos.

Dolby Vision
Dolby Vision is a stunning HDR imaging technology that brings extraordinary colour, contrast, and brightness to the screen. See what you've been missing.

Bluetooth Streaming
Connect and play music directly from your smartphone, tablet, or other compatible device.

4K
Cinematic TV with nuanced contrast, detailed imaging, brilliant colours, and depth. Supports 4K TVs for video as detailed as it sounds.

Enhanced Audio Return Channel (eARC) Support
HDMI input and output features Enhanced Audio Return Channel (eARC) to receive the highest quality audio from a single cable connection between the soundbar and your TV.

Denon Dialog Enhancer
Choose from three distinct levels of enhancement to reproduce clear, crisp dialogue and never miss a word of your favourite movie or TV show.

Pure audio mode
Eliminates surround processing by removing any adjusted audio characteristics for sound in its purest state.

110+ years of firsts in audio technology
Founded in 1910, Denon has a deep heritage of "firsts" in audio technology—from Japan's first audio electronics manufacturer to producing the world's first commercial CDs. This focused investment in audio R&D ensures you get the latest technology and highest quality with every listening experience.
