

ViewSonic® PROJECTOR **X11-4KP**

Key Features

- True 4K HDR immersive visual experience
- Cinema SuperColor+™ Technology with 125% Rec.709 wide colour gamut
- 3rd generation LED technology with 30,000 hours lifespan
- Smart connectivity via Wi-Fi, Bluetooth, and USB-C
- Custom-built speakers by Harman Kardon

Product Description

Combining true 4K UHD resolution with HDR/HLG support, advanced 3rd generation LED technology, and smart capabilities in a portable design, the X11-4KP delivers an immersive cinematic audiovisual experience from anywhere in your home. With an easy-carry handle, it can be moved from room to room and even outdoors for backyard parties. Setup is effortless with instant auto focus, H/V keystone and 4 corner adjustments enabling side projection, and a short throw lens that delivers a 100" screen from just 1.77m away. Experience crystal clear visuals in true 4K UHD resolution, cinematic colours covering 125% Rec.709, and exceptional sound quality through integrated speakers customised by Harman Kardon. Add even more fun with smart connectivity features such as Wi-Fi for wireless screen mirroring to get your phone up on the big screen, Bluetooth for flexible audio options, and USB-C for direct single-cable streaming from Nintendo® Switch.
