Bioniche Pharma - Enanta-Med (Testosterone Enanthate ...)

Testosterone Enanthate 300mg Product Description The most classic and straight forward long ester Testosterone. Long acting, should be the base of most cycles. Highly favorable due to less frequent injections (possible one per week). Chemical Name Testosterone Enanthate Active Life 10 to 12 Days. Detection Time

Bioniche Pharma - Enanta-Med (Testosterone Enanthate ...

General Information Testosterone Enanthate is among the earliest steroids and is possibly the most often used of time. Testosterone enanthate has a slow-acting discharge, in comparison to other kinds of testosterone. Bioniche Pharma - Enanta-Med is the best steroid for all levels of usage.

Testosterone enanthate is an oil based injectable steroid, designed to slowly release testosterone from the injection site (depot) over a 20 - 28 day period with a half-life of 10 - 14 days. Testosterone exhibits a high tendency to convert into estrogen so estrogen related side effects may therefore become apparent. [navigate to this web-site](#)
