

THE BETTER LETTERS IN 15 CHALLENGE

WEEK 3 | DAY 1 | LETTERS

CELEBRATE YOUR JOURNEY

These are the letters we will be practicing today: j, o, u, r
Here are examples and guidelines for each letter.

Below are 2 different "J" variations to try. See which shape you like lettering better and feel free to adjust and try something different. The guides are suggestions--do what feels comfortable for you. Break it up more or use less strokes if that's what you need.

This set of letters is just about the same as what we worked on last week so I am including only 1 blank row for each letter on the next page. Repetition definitely helps with muscle memory and getting more comfortable with lettering! However, if you have mastered these letters and it feels monotonous, try experimenting with the shape and playing around with the style.
