

THE BETTER LETTERS IN 15 CHALLENGE

WEEK 2 | DAY 3 | CONNECTIONS

TRUST **YOUR** CREATIVITY

Today we will be practicing connecting the letters in trust.

We will start with the following connection: y-o

Here are examples, variations, and guidelines for the no bounce and bounce version:

When creating words, I like to think about it as each individual letter being put next to another. Make sure the exit stroke (**blue lines**) on each letter is long enough for the next letter to be connected to it.

Connecting y's and o's to another letter is pretty straightforward. Usually wherever the exit stroke falls, you can place the next letter there without having to adjust the stroke too much. If you need to, you can always angle the stroke higher or lower depending on what letter is beside it (as shown with the **orange arrows**).
