

THE BETTER LETTERS IN 15 CHALLENGE

WEEK 3 | DAY 5 | CONNECTIONS

TRUST YOUR CREATIVITY

This is the last worksheet for week 3!
Today we will be practicing the word creativity.
Here are 2 examples, one without bounce and one with bounce:

creativity

creativity

This word is longer than the others we have practiced--don't be intimidated! Take your time creating each letter and pausing/picking up your pen where you need to.

I prefer lettering the entire word, then crossing the t's, then going back and touching up any areas where the lines aren't as consistent or a little bit shaky (going over shaky lines once more usually helps to fill the line in and correct this issue.)

Great job so far--there is just 1 week left of the challenge!
