

# 70QT PELICAN™ ELITE COOLER

PROTECT | MOBILIZE | SUCCEED

GUARANTEED FOR LIFE

Pelican Elite Coolers perform to the highest standards - better and tougher than the run of the mill cooler. Every last piece is engineered to meet the most extreme durability and performance standards out there. Meet the toughest mobile cold storage possible for all your blood, drugs, and vaccine products.

**EXTREME ICE  
RETENTION**

- >> Reinforced corners and 2" thick walls insulate better for longer ice retention
- >> Freezer-grade 360 degree seal recessed into the lid
- >> Great option for blood banks to send units to ER or surgery

**RUGGED  
HARDWARE**

- >> Strength of stainless steel hardware will stand up to corrosion for the life of your cooler
- >> Pelican Elite Coolers offer a non-absorbent surface that will be easy to clean and disinfect

**PRESS + PULL  
LATCHES**

- >> Innovative press and pull latches that hold tight under duress
- >> Guaranteed to last
- >> Take the cooler replacement out of your annual budget, forever.
