EGO POWER+ Mower – Fact Sheet

The EGO POWER+ Mower is the most powerful rechargeable mower on the market, and the first to match or exceed the performance of petrol-powered models. Features include:

- Industry's Most Powerful Battery – The first ever 56-volt lithium-ion battery has 40 percent more power than the leading 36-volt battery options. It is removable and interchangeable with all EGO tools.
- Industry's Fastest Charge Time – With the option to purchase the Fast Charger taking just 30 minutes from zero to full charge, it's in a class of its own. When purchased with an additional battery, mowing time is infinite as the run time meets or exceeds the charge time.
- Industry Best 5- year Product & 3-year Battery Warranty.

- Performance of Petrol – The mower deck was wind tunnel tested to ensure optimal mulching, rear bagging and side discharge performance that is equal to or better than petrol powered models. Performance attributes include:
 - Superior Cutting and Mulching
 - High torque, high efficiency 600W magnetic DC motor — ideal for high power output at 3,300 rotations per minute (RPM)
 - Electronic feedback control keeps the blade speed constant no matter how hard the user pushes or how uneven the grass
 - 20 inch (490mm) deck allows for fewer passes

- Durability
 - Industry best five-year warranty
 - Quick release aluminum handle
 - Cartridge bearing wheels
- Usability
 - More than 40 percent lighter than equivalent petrol mowers
 - Structure folds easily in seconds for storage or cleaning
 - Bag removal system rotates away from the grass catcher allowing users to pull the bag straight out for minimal spillage
 - Anytime design – Combination of LED headlights and quiet design allows users to mow anytime, day or night
 - Convenient push button start powers the mower in seconds
 - 5 position one handed spring loaded deck height adjustment lever quickly and easily adjusts the height from 25mm to 80mm
 - LED charge indicator on the battery displays remaining battery life visible through the motor housing for easy observation

The EGO POWER+ Mower is available at Masters Home Improvements and Trade Tools with a RRP of \$599. Kit includes the 56-volt 4.0 Ah Battery, Standard Charger (charges 4.0Ah battery in 80 mins), 60L Capacity Grass Collection Bag, Side Discharge Chute and Mulching Insert.
