# A better way to play

Family owned and operated since 2006, our mission has always been to maintain the highest quality equipment with the most affordable pricing in the industry. We're obsessive about our brand and it shows. Our innovation sets us apart from the crowd as we're constantly setting out to create equipment that fosters social, intellectual and physical growth. Play and recreation are essential to the health and happiness of families and communities around the world and that is our driving force.

It is our guarantee that you will receive a one-of-a-kind experience with a team that genuinely pursues the best options for you and your community. We know how important your vision for your playground is. That is why we offer complimentary consultation, design and planning resources to make your buying experience as simple and straightforward as possible. We're excited for every child and client that gets to experience our hard work firsthand.

We are committed to providing you with  
A Better Way to Play!

# PLAYGROUND PLANNING

1

## Consider Your Community

The first thing you want to consider when planning your playground is the community that it will serve. Consider the age groups of the children who will play in this space. If there are various ages you may have to create separate play areas to accommodate. Some children may have mobility limitations that should be accounted for. Our ADA compliant structures and equipment are designed with this in mind.

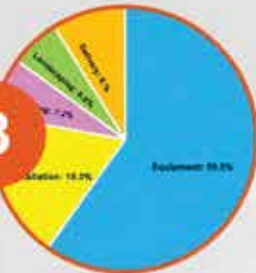

2

## Assess Your Location

Carefully examine and measure your space to ensure that you have chosen the safest, easiest and most efficient location for your playground. You'll want to consider hazards such as retention ponds and busy roads, as well as access to amenities like parking lots, restrooms, and picnic areas. Make sure there are no overhead hazards like powerlines or large trees with hanging branches. Also consider what's underground. Call 811 and map out underground waterlines and utilities before you dig.

3

## Determine Your Budget

Before you set a budget, consider the overall size of the playspace, the type of surfacing you want and anticipated installation costs. The typical breakdown of the cost of a new playground is as follows: equipment (60%), installation (18.0%), surfacing (7.0%), delivery (9.0%) and landscaping (6.0%).

We put together a Grants and Stimulus Guide that identifies grants in your state that you may be eligible for. Also, check out our Fundraising Guide for ideas on how to plan your own fundraiser. You can view both of these documents on our website.

4

## Design Your Playground

Now it's time for the fun part: selecting equipment! We carry 5 diverse lines of play structures to meet the play needs of every child, as well as a vast array of independent play items such as swings, climbers, bouncers, bridges, musical equipment and more! Consider incorporating principles of inclusive design in your play area. For more information on Inclusive Playground Design see page 58.

5

## Install Your Playground

Choose from the following three installation options:

**Customer:** The customer is responsible for everything from tools, labor & installation.

**Supervised:** The customer provides all labor and equipment. We send a supervisor to lead and direct your volunteers in installing your equipment.

**Professional:** Your equipment is installed by our experienced and professional crew who will provide all tools, laborers and materials.

Planning doesn't stop at installation. You need to perform consistent maintenance and repairs on your playground to keep it in its best shape. Creating a maintenance plan and schedule will make the process easier and more efficient. For tips on how to create a proper maintenance checklist visit our website at: <https://www.playgroundequipment.com/playground-maintenance-checklist/>.

# SHIPPING

We coordinate the shipping of playground equipment with destinations all around the world!

Our dedicated logistics team works with your local representative or customer service representative to ensure your playground is delivered in a timely and accurate manner.

Quick Ship items generally ship within 3-5 days of order. Custom structures ship within 6-8 weeks.

95% of our equipment ships freight. Most swing and general replacement parts can ship UPS or USPS.

Equipment is typically packed in 14-foot long crates and is delivered by a semi truck.

## What to Expect

A large open-air crate will arrive with all equipment. You must have 2-3 able bodied people available to unload the truck. Do not anticipate use of a lift gate.

Before the driver departs, inspect all contents for damage, dents, scrapes, scratches. Photograph the crate from all angles and report any damage on the delivery receipt with your and the driver's signature. Failure to do this will result in denial of your freight damage claim.

Once the driver departs, report any damage noted on the delivery receipt to us immediately. Check the contents of your crate against the packing list. Report any missing pieces or discrepancies within 72 hours.

For a complete shipping guide and information on our shipping policy and procedures, visit our website at: [www.playgroundequipment.com/playground-delivery-guide/](http://www.playgroundequipment.com/playground-delivery-guide/)

18"

Available in portable, in-ground and surface mounting options!

# Quick Ship

## Popular Playgrounds

We keep 28 of our most popular structures in-stock as well as swings and independent play items.

Look for the Quickship Logo

## Options

We offer each in-stock structure in primary and neutral color palettes. In-ground mounting comes standard.

# Industry Leading Quick Ship

Our **Quick Ship Program** is one of the best in the industry. We carry more in-stock structures and accessories than any of our competitors, so that you can spend less time waiting and more time playing!

**Quick Ship items ship within 3-5 days of order.**

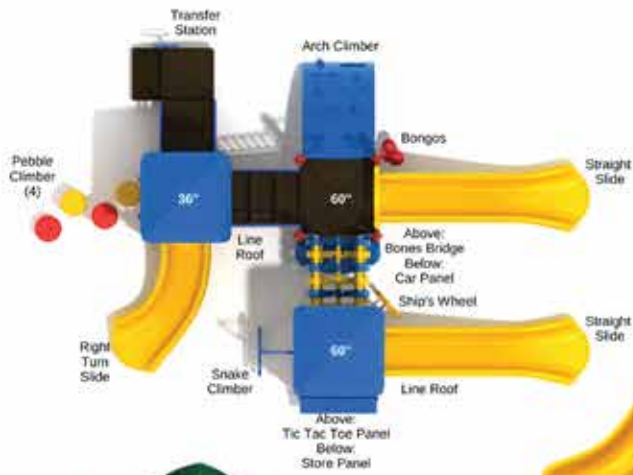

Look for the Quick Ship logo throughout the catalog to indicate specific items that are in-stock!

## Safety Straightforward

Assembly made easy with 3.5-inch posts with heavy-duty aluminum clamps.

All products tested to meet or exceed ASTM Standards and CPSC Guidelines for Public Play Equipment.

## Ditch Plains

# SPARK

## Custom Fit

Spark play components are modular, meaning slides, panels, and climbers can be swapped to create a one-of-a-kind playground, tailor-made just for you!

## Ground Level

Ground level play events provide engaging activities that do not require the user to reach the decks above.

## Play for All

Foster social, emotional and physical development with our vast array of play events designed to engage audiences of all ages.

# Ignite Your Imagination

**Spark Play Systems** offer our best play value. Spark designs pack all of our most popular play events and components into a smaller footprint.

**Durable 3.5-inch diameter posts** are paired with aluminum clamps for the same easy installation and function as our larger play structures.

**Use our Live Color Tool** online to test out custom color options and design the bright, standout playground of your dreams!

# ACCESSIBLE PLAY

## Play for All

All of our Accessible Play Systems are ADA compliant, but consider using these **5 key points** to design a space that is not just compliant, but fully accessible and inclusive for all!

### 1. Inclusive Access Points

Provide safe and easy access points for users of all abilities with the use of transfer stations and ramps.

### 2. Socialization

Provide activities that encourage group play and socialization between children of varying ages and abilities.

### 3. Ground Level Play

Maintain the proper ratio of ground level to elevated play events. These include activity panels, accessible climbers and musical instruments to name a few.

**4. Accessible Surfacing**

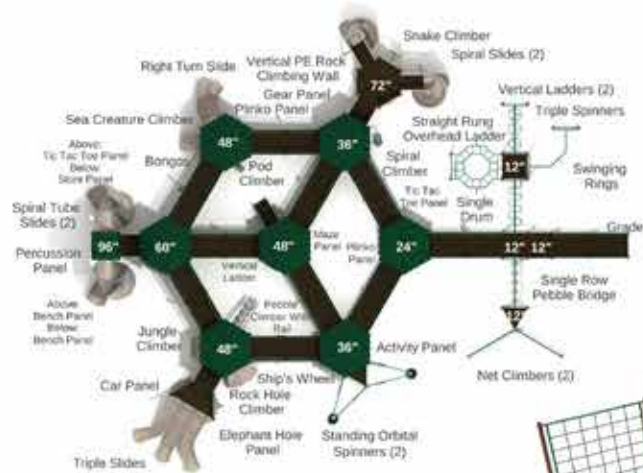

Poured Rubber Surfacing is the recommended safety surface for inclusive play areas. It is the most durable, longest lasting surface available.

**5. ADA Equipment & Accessories**

Make your space even more inclusive with the addition of specialty ADA equipment such as Adaptable swing seats, wheelchair accessible swings, merry-go-rounds and more!

## Tallgrass Prairie

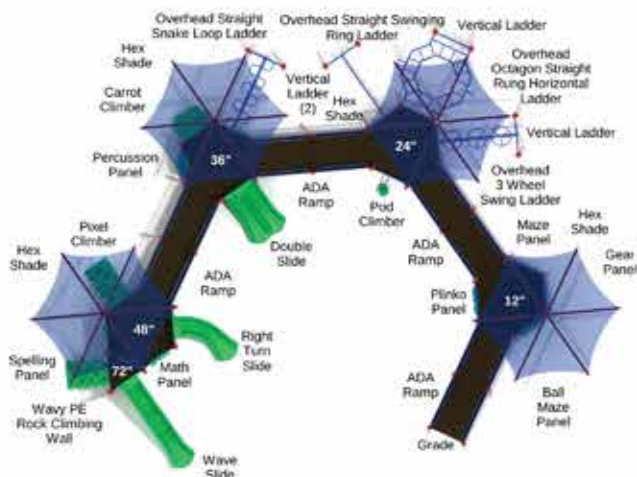

#PFA012

Safety Zone: 89' 2" x 84' 2"

Ages: 5 - 12 years

Child Capacity: 250-350

Fall Height: 8'

# GET PHYSICAL

## Make Fitness Fun

Our Get Physical Line boasts obstacle course play structures, designed to promote physical development and active play.

Choose from 20 popular structure designs, or create your own custom course tailored specifically to your play and fitness needs.

Incorporate over 50 different components such as overhead rings, climbers, bridges, nets and panels that provide an active, full-body workout.

## Build a Custom Obstacle Course!

## Routine

Promote healthy habits and make exercise part of your routine. Build a fitness-focused playground in your community today!

## Strength

Build overall strength on structures that utilize 4.5-inch posts, built to withstand heavy, repeated use from children ages 5-12.

## Challenge

Challenge the future champions of your community with high-intensity courses designed to improve agility, balance and coordination!

# TREE HOUSE

## Imagination

Themed components shape a play environment that encourages imaginative and dramatic play as well as socialization.

## Natural Elements

Bring elements of nature into your play area with climbers modeled after boulders, palm post toppers and a natural color palette.

## Adventure Awaits

Fuel imagination, foster creativity, and encourage pretend adventures in our wild and exciting tree-top settings.

Made from our sturdiest 5-inch posts, this line is made to weather any journey as well as handle large play capacity.

## Tree Top Trek

Become the hero of your own forest fortress, packed with climbers, activity panels and other activities designed to promote problem-solving, language and social skills in a fun way.

Make your treehouse one-of-a-kind by creating a unique playsystem that offers something for every child to love.

Safety Zone: 31' 9" x 33' 7"  
Ages: 5 - 12 years  
Child Capacity: 39 - 45  
Fall Height: 7'

## Turbo Turtle

#PTH039

Safety Zone: 27' 8" x 44' 1"  
Ages: 2 - 12 years  
Child Capacity: 41 - 47  
Fall Height: 4'

## Lumbering Lemur

#PTH033

Safety Zone: 31' 5" x 42' 2"  
Ages: 2 - 12 years  
Child Capacity: 32 - 37  
Fall Height: 6'

## Oscar Orangutan

#PTH003

Safety Zone: 25' 11" x 51' 11"  
Ages: 2 - 12 years  
Child Capacity: 38 - 44  
Fall Height: 6'

## Gabbling Giraffe

#PTH015

Safety Zone: 27' 9" x 38' 10"  
Ages: 2 - 12 years  
Child Capacity: 18 - 24  
Fall Height: 5'

## Bouncing Bobcat

#PTH030

Safety Zone: 29' 3" x 36' 3"  
Ages: 2 - 12 years  
Child Capacity: 28 - 32  
Fall Height: 4'

## Cougar Corral

#PTH022

Safety Zone: 29' 2" x 32' 3"  
Ages: 2 - 12 years  
Child Capacity: 24 - 29  
Fall Height: 4'

## Palm Place

#PTH021

Safety Zone: 29' 11" x 32' 2"  
Ages: 2 - 12 years  
Child Capacity: 24 - 29  
Fall Height: 4'

## Kammy Koala

#PTH002

Safety Zone: 30' 1" x 34' 10"  
Ages: 2 - 12 years  
Child Capacity: 28 - 32  
Fall Height: 6'

## Continuous Canopy

#PTH044

Safety Zone: 22' 11" x 34' 4"  
Ages: 2 - 5 years  
Child Capacity: 24 - 30  
Fall Height: 3'

# FREESTANDING PLAY

## Stand Out From the Crowd

While traditional large play structures are the cornerstone of any playground, freestanding play items are often the unsung heroes.

Freestanding play equipment includes swings, climbers, spinners, slides, activity panels and more.

## Add, Upgrade, Customize

Freestanding items are an exciting way to add to or upgrade an existing play area!

Refresh your playground with unique new features or use freestanding items to customize your space.

Make your playground appeal to all ages by adding a variety of fun, affordable, freestanding play equipment today!

# SWINGS & HARDWARE

## How to Build Your Swing Set

### 1 Choose Swing Frame

- Frames and seats sold separately
- Each frame model comes with hangers
- See pg. 89 for seat package options

### 2 Choose Seat Package

- Choose between package of 1 or 2 seats
- Seats sold in belt and bucket style
- ADA Seats sold separately

### 3 Select Post Colors

- Blue and green posts in-stock
- See pg. 122 for custom colors

# Single Post Swing Frames

## Single Post

- Space-saving frame design for small areas
- Fits belt and bucket seats
- 8-foot tall single post swing frame

SKU	Description	Safety Zone
PSW001	1 Bay	32' x 24'
PSW002	2 Bays	32' x 35'
PSW003	3 Bays	32' x 48'
PSW004	4 Bays	32' x 60'
PSWSPADD	Add-A-Bay	Add 12 feet length

## Single Post Cantilever

- Cantilever section fits only bucket seats
- 2 bay section fits belt or bucket seats
- 8-foot top rail height

SKU	Description	Safety Zone
PSW110	1 Cantilever Section, 1 Standard Bay	27' 8" x 32'
PSW120	2 Cantilever Sections, 1 Standard Bay	31' 11" x 32'
PSW210	1 Cantilever Section, 2 Standard Bays	39' 2" x 32'
PSW220	2 Cantilever Sections, 2 Standard Bays	43' 3" x 32'

## Single Post T Swing

- Compact swing for play areas with limited space
- For use with our Elite Bucket Seats only
- 7 foot top rail height

SKU	Description	Ages	Safety Zone
PSW019	2 Cantilever Sections	6 months - 5 yrs.	20' x 22' 7"

# Arch Post Swing Frames

## Arch Post

- Contemporary twist to the traditional A-frame
- Accommodates belt and bucket seats
- Frame height of 8 feet

SKU	Description	Safety Zone
PSW005	1 Bay	32' x 23' 6"
PSW006	2 Bays	32' x 35'
PSW007	3 Bays	32' x 48'
PSW008	4 Bays	32' x 60'
PSWAPADD	Add-A-Bay	Add 12 feet length

## Arch Post Tire

- Brings an old design into the modern age
- Highly durable and made to withstand elements
- 8-foot top rail frame height

SKU	Description	Safety Zone
PSWTIR	1 Bay	23' x 29'

of Craggy  
Components!

# Customize Your Own Craggy Climber

Our Craggy climbers make a brilliant addition to any play space. Choose from one of 13 custom configurations or build-your-own unique climber using any combination of our 15 modular components!

- 1 Create turns, cliffs, and imaginary mountains out of three different types of rock wall pieces: Turn, Straight and End. Craggy Rock Wall Sections are the main attraction, making up the bulk of every climber.
- 2 Piece together Craggy Rock Wall Sections by using one of 5 different ladder connectors. Connect two or more wall sections and provide a fun challenge to climbers with the Geo Ladder, Wave Ladder and Tri-Connect, just to name a few!
- 3 Add an exciting downhill plunge to any Craggy Climber with the Craggy Series Climb N' Slide section. Utilizing the Hoop Climber, this panel can connect to either Rock Wall Sections, Ladder Connectors or end pieces. It provides an adrenaline rush for climbers of all ages.
- 4 Cap off the perfect custom climber with one of several end-piece options. The Mountain Climber, Circle, and Arch ladder end pieces offer a modern polished aesthetic while still providing a summit-worthy challenge.

## Craggy Pinnacle

#PCR001

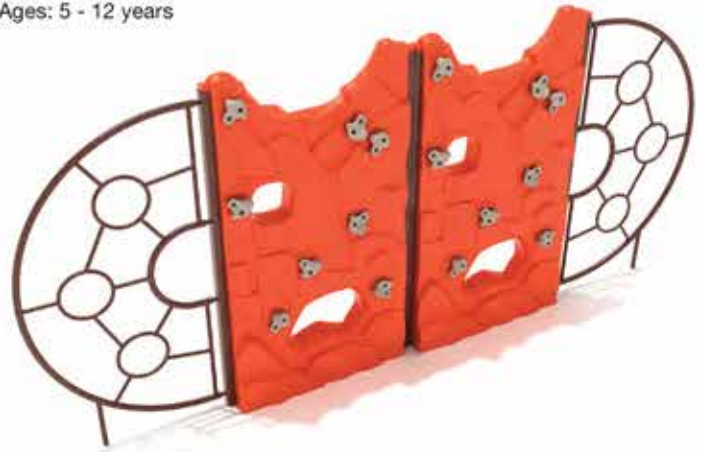

Safety Zone: 22' 8" x 27' 4"  
Ages: 5 - 12 years

# OUTDOOR FITNESS

## Fit & Healthy Fun

Extend your outdoor play and fitness experience by creating a commercial outdoor fitness course. Our outdoor fitness line is completely customizable to create a functional outdoor gym for any sized space.

Staying in shape is much simpler when exercise equipment is available in a neighborhood park or greenspace. Building an outdoor gym space is an investment into the health of an entire community!

This line is ideal for parks, recreation centers, health clubs, schools, military bases, athletic fields, HOA's, and apartment complexes.

# SURFACING & BORDERS

## Lay the Groundwork for Safe Play

Safety Surfacing is a necessity and requirement for play areas. As children play, run, jump, slide and swing, they are more susceptible to injuries. Surfacing cushions falls that are likely to occur when playing, minimizing the injuries that may happen.

There are two types of surfacing. The first is loose fill surfacing which includes rubber mulch and engineered wood fiber. There is also unitary surfacing which consists of Poured in Place (Elastaplay), rubber tiles and synthetic turf.

Borders are also important for a playground as they contain loose fill surfacing, minimizing the need to rake the surfacing back into place. It also completes the look of your playground by creating a well defined area that distinguishes the playground from the rest of the area.

## All Surfacing is Safety Certified

All of our surfacing is IPEMA (International Play Equipment Manufacturers Association) certified. IPEMA offers third party testing to certify the safety of public playground equipment and surfacing materials.

#TTF02

# Borders

## Rubber Edging

#RC4, #RC6, and #RC8

- Curve to the exact needs of your play area to help reduce required loose-fill
- Choose from 4, 6, or 8-inch high models of edge to contain your loose surfacing
- Steel stakes allow easy curving of the curb and secures tightly the ground.
- The curb helps reduce scrap tire waste and limits demand for natural rubber.

## ParKurb Border

#BTB408 and #BTB412

12 inch  
OR  
8 inch

- Each ParKurb we ship includes a 30-inch long buttonhead galvanized steel stake.
- A simple flip of the border allows for a textured pebble or wood grain finish.

PEBBLE GRAIN

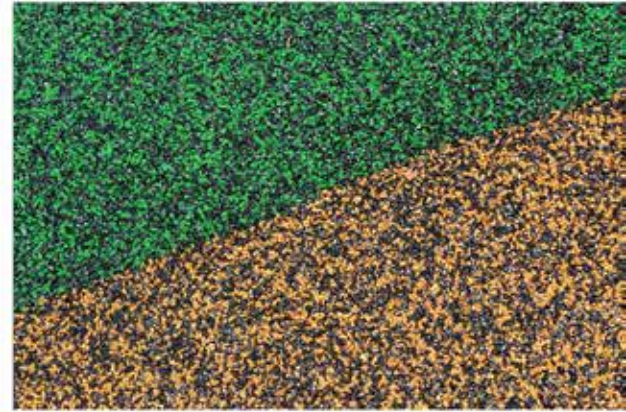

# ELASTAPLAY

## Your Affordable, Durable Option for Playground Surfacing

### #PIP001

Proper surfacing is one of the most important aspects of making a play area safe and childfriendly. Even around the safest of playground equipment, children can trip or stumble as they run and play. But with a safe and cushioned material carpeting the ground, these impacts won't slow kids down or interrupt their play time. A significant safety zone of protective surfacing around all equipment will dramatically reduce the risk of any harm to children, and provide peace of mind to parents and playground owners. Providing children with safe play spaces is of the utmost importance. With Elastaplay, you'll rest easy knowing your kids are secure. Simple. Elegant. Effective. Inclusive. Elastaplay provides unparalleled quality and longevity.

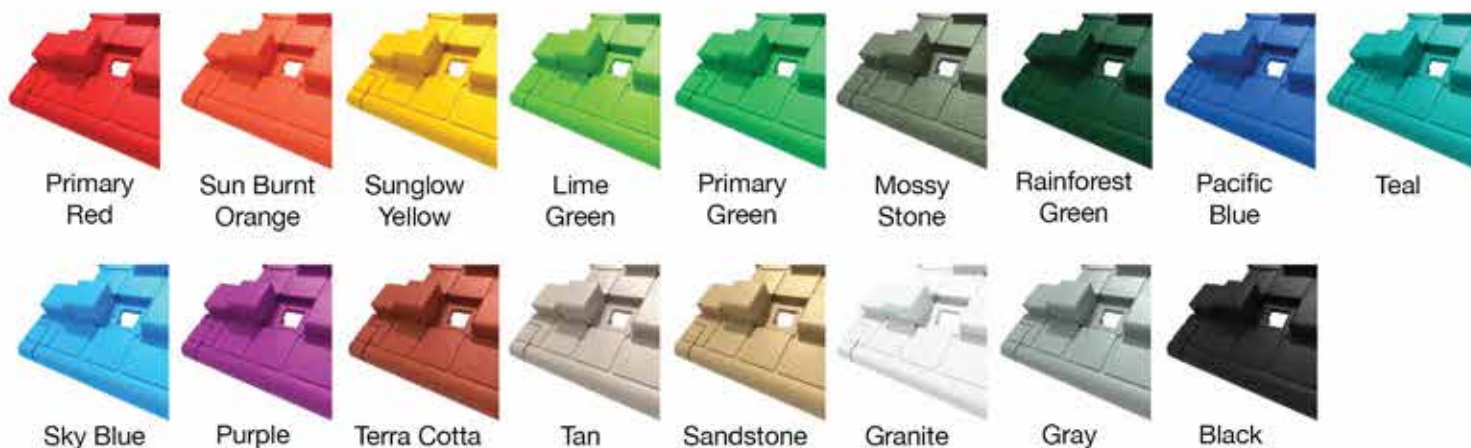

# COLORS

At PlaygroundEquipment.com we offer a vast array of bright color options and palettes that can be used to create a one-of-a-kind playground. Use this color chart to customize your commercial equipment. View a wide range of colors for our various play structure components.

# CERTIFICATIONS

## ASTM Standards

ASTM International is an organization that develops and publishes technical standards for a wide range of materials and products. The ASTM has over 12,000 standards that companies seek to follow. By meeting ASTM standards we are proud to say our equipment and surfacing are safe to industry standard.

## CPSC Standards

An organization of the US Government, the Consumer Product Safety Commission is in place to provide the public with up to date safety performance reports of products. The CPSC is constantly changing and updating standards as technology evolves. Playground equipment and surfacing standards are always up to date as new equipment emerges onto the market

## IPEMA Certified

The International Play Equipment Manufacturers Association, or IPEMA, provides third party certifications on play equipment. It is a member-driven international trade organization that promotes and open market for playground equipment. PlaygroundEquipment.com is a proud member of this organization. We feel that this is just another step in certifying our equipment to be safe.

**Certified  
Playground  
Safety Inspector**

## CPSI Training

An organization of the US Government, the Consumer Product Safety Commission is in place to provide the public with up to date safety performance reports of products. The CPSC is constantly changing and updating standards as technology evolves. Playground equipment and surfacing standards are always up to date as new equipment emerges onto the market

# WARRANTY

- 100 year limited warranty on aluminum and steel upright posts against structural failure due to deterioration, corrosion, or workmanship.
- 100 year limited warranty on hardware against structural failure due to deterioration, corrosion, or workmanship.
- 100 year limited warranty on post caps and clamps against structural failure due to deterioration, corrosion, or workmanship.
- 15 year limited warranty on rails, rungs, rigid climbers, loops and decks against structural failure or workmanship.
- 15 year limited warranty on all HDPE and rotational molded plastic components against structural failure due to materials or workmanship.
- 5 year limited warranty on cables and nets against premature wear due to natural deterioration or manufacturing defects.
- 5 year limited warranty on swing set frames.
- 5 year limited warranty on PVC coating against cracking and peeling.
- 3 year limited warranty on all blow molded plastics against structural failure due to materials or workmanship.
- 1 year limited warranty on moving parts against structural failure due to materials or workmanship.
- 1 year limited warranty on all materials and products not covered above against failure due to materials or workmanship including swing parts (seats, hangers, chains, connectors) and post mount events (Bongos, Rain Wheel, Ship's Wheel, Single Drum).
- 1 year limited warranty on all adult fitness equipment.

PlaygroundEquipment.com warrants to its original customer for as long as the original customer owns the product and uses the product with normal use, installation, and maintenance in accordance with published specifications to be free from defects in materials and workmanship.

This warranty does not cover damage from misuse, vandalism, modified parts or damage such as dents, scratches, fading/weathering and normal wear and tear. The warranty does not cover the cost of freight or labor for removal and installation of repaired or replacement parts.

Warranty claims must be filed within the applicable warranty period. Replacement parts carry the applicable warranty from the date of shipment of the replacement part.

Repair/Replacement orders for warranted products will be for the component part only. (Not the entire product.) Contact your PlaygroundEquipment.com distributor for a return authorization.

Warranties are limited to repair or replacement of defective parts. A repaired or replacement part is covered only for the original warranty period. All warranties begin on the delivery date of the goods. Warranties are non-transferable and only apply to end users who purchase new products directly from PlaygroundEquipment.com or an authorized PlaygroundEquipment.com distributor for personal or business use and not for purpose of re-distribution or re-sale. No other warranties apply.
