CANDLE SAFETY GUIDELINES

Embracing Safety and Serenity in Every Glow

#CreateYourOwnVibe

BEFORE

- Remove covers and wrapping materials.
- Trim the wick to approximately 5mm before lighting.
- Allow the initial burn for 3 to 4 hours.

DURING

- Avoid moving a lit candle to prevent spills and burns.
- Avoid wick contact with the vessel.
- Maintain distance between lit candles.
- Avoid burning candles near flammable materials.
- Use a heat-resistant surface to place the candle.
- Never leave a burning candle unattended and keep it out of reach of children and pets.
- Extinguish the candle if the flame becomes too high or there is only 1cm of wax remaining.

AFTER

- Clean the jar once the wax has cooled for future use.
- Store candles in a cool, dry place away from direct sunlight.
- Burn candles only in intervals of 3 to 4 hours.

DISCLAIMER:

iKkiU is not responsible for any damage or body injury that may occur due to misuse of its candles or candle burning.
