

WATERCOLOR 36 PAN SET

Color Swatches

This beautiful set of 36 vibrant watercolor half-pans are intensely pigmented, fade minimally when drying, and some colors have lovely granulating effects. They are stored in a convenient plastic case, designed with space for your brush (included) and a palette in the lid for mixing. Some of the case lids snap off upon opening and can easily snap back on after you are finished creating so you can store your mixed paints with the rest of the pan colors. The lightfastness of these colors range is about 4-5.
