

URBAN NOUK

RETRACTABLE LAUNDRY DRYING RACK

Box Contents:

- Fully assembled drying rack
- Installation and user manual
- 40" models: 10 sets of screws and anchors
- 28" models: 8 sets of screws and anchors
- 1 long screwdriver bit

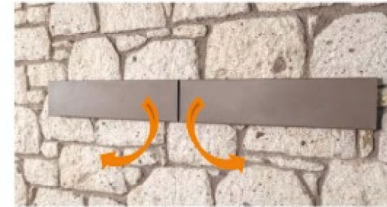

Installation:

- Find a flat surface to install the rack
- Locate studs using a stud finder
- Use the wall template on the box to align as many holes as possible on studs
- Mark the holes
 - You do not need to use plastic anchors if you are installing on a stud
 - If not installing on a stud, use a drill to make openings for the anchors
- Install the plastic anchors, if you cannot locate studs
- Ensure that the top and the bottom of the rack are correctly positioned as shown
- Insert the plastic anchors into the holes (use a hammer if needed)
- Install the screws
- Place the drying rack on the screws through the large openings and slide down
- Tighten the screws using the long screw driver bit

URBAN NOUK
