

June 5, 2024

We are very excited to introduce Crystal Perry Accounting Services.

New to our partner group, Crystal specializes in most small and large business accounting programs. Coupled with her B.A. and office management background she commands an understanding and knowledge base of office protocols, efficiencies, and business financials.

More so...for anyone that has dealt with that pesky accounting bot of ours...you will be happy to know that it will now have full-time supervision. Crystal will oversee all facets of our financial and accounting processes and is looking forward to providing invoice and payable assistance to our Distributor Roster.

Crystal can be reached at 800-566-4827 or by direct email to AccountingServices@TapExtension.com.

Sincerely,
Pamela Gurr
