DD132

1 x 2 VGA Splitter, Metal case

## 【Product Picture】

## 【Product Description】

VGA Splitter/1\*2 ,Metal case,

The 1 x 2 VGA Splitter are boosting devices to duplicate the video signal from 1 source to 2 outputs, for any monitor using analog signals.

## 【Interface description】

VGA Input:1 port

VGA Output:2 port

Video input :1Vp-p

Video impedance :75  $\Omega$

Video gain : 0db  $\cong$  DG  $\cong$  1db

Max resolution:1920\*1440@85HZ

Max bandwidth:350MHz

Input cable distance: $\leq$ 10m VGA(3+6) standard cable

Output cable distance: $\leq$ 50m VGA(3+6) standard cable

Power adapter Input: AC (50HZ, 60HZ) :100V-240V; Output: DC 12V/0.5A

## 【Packing List】

1x Device

1x Power Adaptor

1x User Manual

1x Certificate of conformity
