## SPARTAN SHOP

## SURFACE WALL SCONCE

Substantial, architectural sconce with round shade. Emits soft ambient light that reflects back onto the wall.

Made from cast polished bronze, blackened bronze, or aluminium.

Measurements	Bulb Type *Bulb not supplied	Place of Manufacture
15" tall 11.8" Ø shade 4.3" deep Weight 22 lbs	3.3W LED, E26 base, G16 shape Suggested Lumen Rating: 250Im Voltage: 110-120V / 60Hz AC Dimmability: Bulb dependent	Sydney, Australia.

## Materials

The raw metals used will oxidize with age and environment, both of which contribute to the evolution of a natural patina. If the original bright finish of your pieces is preferred, a polishing solution applied with a soft clean cloth will restore luster. Braso or Silvo is recommended depending on the metal in question.

Slight variations will occur from one individual piece to another and may include slight ripples or surface pitting.

## SPARTAN SHOP

Installation This fixture has a slender mounting surface which requires the use of a mud ring upon installation. Please note that a professional drywall finisher will be required.

Alternatively, 5" round or square backplates can be ordered for an additional cost in brass or blackened brass
