MSRP

Species	USD
Walnut	15,000
Oak	13,000
Maple	13,000

The Mandelbrot Credenza features iconic bevels which conjoin in each corner to a distinctive, solitary point. The sharp, clean lines are soft to the touch as the bevels fall back into the piece. Every detail is scrutinized with care. The casework, drawer boxes and shelves are constructed from solid, sustainably-sourced American hardwoods. The minimal brass pulls are made by hand in our downtown Los Angeles workshop by trained craftsman. The door and drawer fronts feature a custom finish that can be easily cleaned without compromising the depth of sheen; a VOC-Compliant, two-part color similar in depth and durability to an automotive finish tailored for the home. The Mandelbrot Credenza embodies a contemporary and minimal aesthetic. Look for the rest of the Mandelbrot line to help complete your interior. Pictured in natural walnut, white door and drawer fronts, blackened steel base, solid brass hardware, and a hand-rubbed oil and wax finish.
