The Merton Step Stool is handmade from solid, sustainably sourced American hardwood. Sturdy, light, and balanced, the Merton Step Stool is an elegant way to reach the topmost shelf in your closet or pantry. A simple, necessary and most importantly helpful assistant and an accent piece that won't make your space look cluttered. Perfect for the kitchen, bedroom, closet, or anywhere you may need a bit of a lift. Pictured in natural walnut with a hand-rubbed oil and wax finish.
