Web: [www.gldproducts.com](http://www.gldproducts.com)

For all claims, please have your receipt and item number when you call. The product item number can be found on the front cover.

**If you are instructed to return the product for service, you are responsible for shipping the unit at your expense.**

**PRODUCT REGISTRATION**

**Important: The product registration form on page 15 and a copy of your receipt must be completed and returned within 10 days of purchase to validate your warranty.**

Online registration is also available. Go to <http://gldproducts.com/warranty-information> or click on this link. Follow the online instructions.

**Preparing for Assembly**

- Be sure to unpack all of the parts included in this package. Some parts may be in obscure locations of the packaging. Check inside any tubes or sleeves. Save all packing material until the product is fully assembled and functional.
- Compare the parts in your package with the Parts Identifier description on page 5.

**Tools Required**

- Wrench (#17)
- Allen Wrench (#18)
- Level (not included)
- Electric screwdriver may be helpful. CAUTION: You must set at LOW TORQUE and use extreme caution because you could overtighten the hardware, strip the screws, or damage the table.

**Assembly Tips**

Make sure you understand the following before you begin to assemble your pool table.

1. READ THIS MANUAL all the way through before beginning assembly.
2. When installing parts that have more than one bolt, start ALL bolts in that part by hand before tightening anything.
3. Some drawings or images in this manual may not look exactly like your product.
4. You will need a second adult to assist with this assembly.

**Note:** Save all packing materials until the parts have been inspected and the table is assembled.

**Unpack the Pieces**

- Lay the box top side down on a flat surface (floor). You may want this near your area of assembly.
- Unpack the boxes and part bags. Inspect and count the parts. The Parts Identifier page can be used to record your results.
- If any parts are damaged or missing contact GLD customer service.
- Missing fasteners may be purchased at a hardware store using the descriptions on the Parts Identifier page(s).

**STEP 1 - ASSEMBLE THE LEGS**

1. Lay the leg supports (#3) on the floor with the side that has the four holes facing up. Put a barrel nut (#8) in each hole with the threaded hole facing the short edge.
2. Hold one of the legs (#1 or #2) on edge. Hold the leg support (#3) against the leg, lining up the bolt holes. The holes for the barrel nuts (#8) should face toward the bottom of the leg.
3. Place a washer (#7) over a bolt (#6) and insert the bolt through the leg into the barrel nut in the leg supports. Finger start the bolt. Repeat for the second bolt and finger tighten both bolts.
4. Hold the second leg in position. Insert the two bolts (#6) with washers (#7) through the leg and finger tighten.
5. Repeat Steps 3 & 4 for the bottom leg support (#3).

6. The leg end panel (#5) should slide into the channels on the legs. It may be helpful to stand the leg assembly up as shown. This will help prevent the leg assembly from becoming angled and preventing the leg end panel from sliding into place. The side of the leg end panel that is visually better should be to the outside of the curve.
7. When the leg end panel (#5) is in place tighten all eight support bolts (#6) using the allen wrench (#18).
8. Repeat for the second leg assembly

**STEP 2 - CONNECT LEG ASSEMBLIES**

1. Place the table top upside down on a flat surface.
2. Position one leg assembly from Step 1 inside the framework of the table top.
3. Place a washer (#10) over a bolt (#9). Insert the bolt through the leg assembly and into the threaded hole in the frame. Finger tighten.
4. Repeat for the other five bolts.
5. Tighten all six bolts using the wrench (#17)
6. Repeat for the second leg assembly.
7. Screw a leg leveler (#11) halfway into the hole in each leg.

**STEP 3 - TURN BASE OVER**

The base assembly is ready to be turned over.

USE AT LEAST TWO PEOPLE TO LIFT THE BASE ASSEMBLY AND TURN IT OVER TO REST ON THE LEGS.

**DO NOT ROLL THE TABLE OVER.** This will place a sideways force on the legs. The legs should be off the floor until the base assembly is rotated completely. Set the base assembly down.

If visually the leg positions need adjusting, loosen the bolts, adjust, and retighten.

**STEP 4 - LEVEL THE TABLE BASE**

1. Place table into position in your room (13' 4" x 17' 0" minimum). Measure ends at base frame to walls, making sure there is at least 60" between the table and the wall. You do not want to move the table after this step.
2. Use a carpenters level to find the low side.
3. Lift the table leg off the floor and unscrew the leveler in the base a small amount.
4. Repeat until the base is level. Be sure to check level at both ends side to side as well as the longer length. Readjustment may be needed in the future.
5. Your table is ready for use.

**Care and Use of your Table**

- This product is intended for INDOOR use only.
- DO NOT sit, climb, or lean on the table.
- DO NOT drag the table when moving it. This will damage the legs.
- Keep your table covered. The playing surface can be brushed to keep clean.
- DO NOT lift the table by placing your hands under the pockets, and do not sit, lean or put pressure on the pockets.
- The cloth playing surface can rip or tear. Keep sharp objects off the playing surface.
- Some “trick shots” may tear or dimple the cloth surface.
- To clean the hard surfaces spray a cloth with a mild cleaner and wipe.

## 90-DAY LIMITED WARRANTY

The Manufacturer warrants to the original retail purchaser that this product is free from defects in material and workmanship under normal use and conditions for a period of ninety (90) days from the date of original purchase. The Manufacturer's liability is limited to the repair or replacement, at its option, of any defective product and shall not include any liability for indirect, incidental or consequential damages of any kind.

Should this product become defective due to material or workmanship within the warranty period, contact our Customer Service Department. This warranty is not transferable and does not cover normal wear and tear or damage caused by improper usage, negligence, misuse, abuse, transportation damage, acts of nature, or accident (including failure to follow the instructions in this manual). It does not cover expendable items such as batteries, light bulbs, fuses, accessories, cosmetic parts and other items that wear out due to normal usage, including felt covered areas of the playing surface. This warranty is also void if the product is disassembled and reassembled, damaged, modified from its original state, or used for other than indoor personal residential use (no commercial or rental applications).

This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

### IF YOU HAVE A WARRANTY CLAIM, CALL US FIRST (8 - 4:30 CST)

Please have your receipt and item number (found on the front cover) when you call.
