 Rechargeable Ultrasonic Humidifier
User Manual

Warning

1. Please do not add pure water or distilled water to prevent the water accumulated at the spray outlet from wetting the desktop.
2. Please add mineral water or tap water. It is recommended to use tap water. Mineral water may cause water accumulation in the spray nozzle due to differences in water quality.
3. To ensure perfect and complete working time equipment, we recommend that you fully charge the equipment. It can also be used with a USB cable.
4. Please place it on a flat place to prevent it from falling or breaking.
