

Nightscaping®
 HANDCRAFTED IN THE USA SINCE 1959

COURTYARD SERIES MISSION PATHLIGHT:

About Nightscaping®

Since 1959, Nightscaping® has built its reputation on designing original and handcrafted outdoor lighting fixtures. As an American design and manufacturing company, we pride ourselves on delivering works of art that transcend generations. A lifetime structural warranty backs all our handcrafted fixtures. Customers who choose Nightscaping® consider their landscape lighting fixtures to be so much more than just another purchase. They consider it an investment that will last them a lifetime.

Material

Nightscaping's® 2x2 pathlights are constructed from 11 gauge, 2" SQ, solid steel tubing. The CorTen Steel top is easily removable with a single Alan-head screw. This creates easy access to the luminaire's internal components.

Available Finish

The Courtyard Series pathlights are available in many different finish options - weathered rust and many custom powder coated finishes. Please see website for details.

Optimal Voltage

Recommended voltage range for 12V Nightscaping® LEDs is 11V - 15V.

Recommended Lamp

For use with Nightscaping's® 2W LED module (included).

Lamp Adjustment

Each luminaire has an adjustment feature to not only adjust the distance of the light spread but also help to prevent light glare.

Mounting Options

A 14", ABS injection molded, plastic stake with 1/2" NPS threaded female fitting is included with every pathlight. The Courtyard Series Nightscaping® pathlights can also be surface mounted using the brass Universal Mounting Plate (see website for details).

Wiring

25ft 18AWG, UL Listed, copper wire that is protected by Black Polyvinyl Chloride (PVC).

Warranty

Nightscaping's® Structural Lifetime Warranty (please see warranty for more details).
