Universal buffeware is a versatile gastronorm sizing equipment that can keep cold foods freshly chilled, or hot foods pleasantly warm at food safe temperature for hours without wet ice, power cords nor open flames.

Universal buffetware is a 5-piece system

1. Food **cover**
2. Food **plate**
3. Thermal **base**
4. Base **frame**
5. Temperature **element**

Selecting Element

For dry subzero cooling use, select a C1 freeze pack to maintain cold foods cold for hours at a low cost daily.

For dry heating use, select an H1X cordless warmer to maintain hot foods warm for hours at a low cost daily.

Select Heat Blaster to temporarily maintain hot foods warm without open flames and power cords without preparation for moist warming use.
