

ACTIVE SOAP

NN B0J3

3,5oz / 100 g

ACTIVE SOAP FOR HORSES

The Biopteq active soap is made by cold process method and then dried 4 to 6 weeks. This artisanal method ensures that vegetable glycerin is naturally present in our bar to nourish and hydrate the skin.

This active soap is 100% biodegradable and does not cause any water or soil pollution during its use. Our soaps are therefore part of an ecological, economic, ethical and responsible approach. Furthermore, our soaps are vegans as they are free of animal grease and beeswax.

ADMINISTRATION

Topical

INTENDED SPECIES

Horses not intended for food
