

HOOF DRESSING

Hooves moisturizer ointment

NN.B7Q5

800 g / 1,77 lb | 2,5 kg / 5,50 lb

FOR VETERINARY USE ONLY
NOT FOR USE ON HORSES INTENDED FOR FOOD

Moisturizer for very dry hooves.

- Preserves the suppleness, the quality, the shine and elasticity of the hoof and the hoof capsule.
- Preserves the hydration of the hooves, the hoof capsule, the sole, the bulb of the heel and the wall.
- Helps to maintain the health of the hoof capsule, coronary band and hoof.
- Helps to keep the coronary band healthy when using bell boots that can cause frictions.
- Helps to the health of the frog.

DIRECTION FOR USE

Apply evenly in a thin layer on the affected area, up to 3 or 4 times a week. For long-term use, ask the advice of a veterinarian.

WARNING/PRECAUTIONS

Do not use in young animals, pregnant or lactating females. Do not use on wounds. If excessive irritations should appear, stop use of the product and consult a veterinarian. Avoid contact with eyes and mucous membranes. Keep out of reach of children.

Keep cool between 15 °C and 30 °C for firm consistency.

The product will soften with rising temperature. Store at a room temperature (between 15 °C and 30 °C). It will resume its consistency at 20 °C.
