

# MARINE CLAY

## Poultice

NN.G5K0

2 kg / 4.4 lb

### FOR VETERINARY USE ONLY

USE FOR HORSES NOT INTENDED FOR FOOD

Supports healthy and sound joints and tendons after an effort. Plays a role in limb soundness after training sessions and competitions. Helps promote sound joint and tendon function. Contributes to the overall health of the horse.

### DIRECTION FOR USE

May be applied as needed or as advised by a veterinarian, directly to the horse's back, croup, shoulders, limbs or feet. Apply clay (approx. 3/4 in. thick) directly to the skin on the desired area or as recommended by the veterinarian. May be covered by a bandage. Let dry for at least 12 hours or until the next day. Rinse with water. May be applied again after rinsing.

### WARNING/PRECAUTIONS

Do not use in animals with thyroid disease, unless directed by a veterinarian. For external use only. Do not use on wounds. Keep out of reach of children. Not for use in horses intended for food.

### ACTIVE INGREDIENTS

Hydrous aluminium and calcium silicate clay

### EXCIPIENT

Purified water
