ABOUT NORDICTRACK

NordicTrack is a US based brand that will bring you the best fitness solutions by merging the best engineering and latest innovation in fitness technology for the best exercise experience. The compact SpaceSaver Design helps keep the machines even in the most compact places. Take your fitness experience to new levels with iFit, a personalized coach to help you reach your goals faster! From your machine, work out in any part of the world with the help of 35 coaches to give you a workout experience catered just for you! Combining iFit with NordicTrack machines gives you the ultimate experience.

COMPANY PROFILE

Almac Sports India was established in 2010 with our head office in Mumbai and operational offices in Noida, Chandigarh, Lucknow, Surat, Pune, and Bangalore for covering the pan-Indian market.

THE GROUP

The Almac Group, a Thailand based company is the destination for International Fitness Brands of high quality and wide product ranges for Commercial and Light Commercial use purposes.

The young and dynamic Mr. Atul Jogani established the company in Bangkok in 1990. Since our establishment, we have had a rich experience in the Sports & Fitness Industry, and later in the Spa Industry as well as the Melamine Industry, Mr. Jogani has established the ALMAC GROUP in various cities, which include Bangkok, Phuket, Pattaya, and India.

“ We believe in the unique combination of uncompromising quality and new age design and features. ”

OUR MISSION

To redefine the perspective of fitness by providing innovative products and services that promotes good health mentally and physically.

OUR VISION

To be one of the leaders in the industry by providing personalized services to our customers to maximize their workout experience with our long-lasting products.

OUR VALUES

Empowerment
Dedication
Service
Quality
Simplicity
Commitment
Tenacity
Versatility

“We believe in building a strong relationship with our partners, vendors, and clients alike, which in turn takes the business to the zenith of success”

| WHY ALMAC?

Trained & Qualified

Our team is trained specifically to cater to fitness solutions and without the specific qualifications, we would not entrust them to satisfy your every need.

In-House Designing

Just send us your layout and we will do the rest. Through the latest technologies we help design your gym making sure that everything you require fits just right and making your gym look the best that there can be. Our in-house designing team make sure that everything you require from space to machines is all set up in the most convenient way.

Consultation & Set-up

From consultation to the entire set-up, we assist you from start to finish giving you the best of the best for your requirement without any third-parties involved making it easy for you to have a one-point contact.

Assistance 24 x 7

Through Almac I-care, you can get in touch with our customer service and they will be sure to assist to your problems immediately. As a team, we solve your problem at the earliest.

Satisfied Employees = Satisfied Customer

Everybody can make a difference; if any employee focuses on the company's philosophy, it can be induced into a corporate culture. The heart of our business sense is a simple idea of Satisfied Employees = Satisfied Customers .

Our Team

With an internal credo of Fitness Lifestyle, the Almac India family is dynamic, talented and hard-working and together, it is executing a sound business strategy to position the company for a long term growth.

I-FIT TRAINING

16,000+ ON-DEMAND WORKOUTS

Stream video workouts to your home any time of the day or night.

WORLD-CLASS TRAINERS

Our elite personal trainers motivate and support you through captivating workouts right in your home.

LIVE INTERACTIVE TRAINING

Achieve optimal results and have confidence knowing your trainer controls your resistance and incline.

NEW DAILY WORKOUTS

Try something new with programs ranging from powerful cardio and fat-burning to toning and strength training.

GOOGLE MAPS™

Run anywhere. Work out all over the globe with our stunning Google Maps™ workout technology.

STAT TRACKING

Real-time performance stat tracking that is perfect for keeping you motivated and engaged.

MULTIPLE USERS & EQUIPMENT

Create up to four profiles per membership so the entire family can experience it on multiple machines.

MEMBERSHIP PERKS

Live well with personalized lifestyle coaching in exercise, activity, nutrition, and sleep.

ONLY THE BEST World-class Training

We've hand-selected the best trainers from all over the world and brought them to your equipment.

THE CREW Meet Your Trainers

Select your coach from our elite lineup, then watch them lead you through an incredible selection of cross-training workouts—either in the studio or in breathtaking, global locations.

AT YOUR CONVENIENCE In Your Home

Finally, you have access to one-on-one virtual training whenever you want! Simply turn on your equipment, and you can dive into a complete personal training experience, right in your home

NEVER BORED Workout Variety

From cross-training in exotic locations to the thrill of a group studio workout, you'll always have something exciting and new to try every single day.

WE'LL TAKE YOU THERE GlobeTrek™ Workouts

Start your day on the beaches of Thailand and end it running through the streets of Paris. Our NordicTrack iFit Coach-led workouts give you the opportunity to train in and explore the best and most beautiful workout destinations all over the world from the comfort of your home.

TAKE A HIKE Elevate Your Fitness

As you traverse through the Alps or along a trail in Hawaii, your machine automatically adjusts its incline or resistance to match the local terrain. You'll discover this incredible, immersive fitness experience as you work out in stunning locations around the world.

CUSTOMIZED TO YOU Mobile Fitness

Enter your fitness goals into the NordicTrack iFit Coach app, and it will create custom workout schedules and personalized meal plans, as well as provide activity and sleep tracking. As you progress throughout the day, the app constantly adapts to your activities and adjusts, based on your calorie burn and intake.
