The introduction WELCOME

After working in finance and customer service for over 30 years,
I decided it was time for a change!

Since our inception in 2018 we have grown from a creative idea,
into a thriving small business sending thousands of gifts Australia
wide. We are passionate about supporting Australian producers
and continue to source and build long-term relationships with our
suppliers and clients.

We love what we do, and we always strive to do more than
expected! We take great pride in the quality of our service. We're
owner-managed, driven by creative passion, and the need to
support our talented artisans whilst aligning with our ethos of
minimising our carbon-footprint.

Join us, we would be Rapt to work with you!!

Business Growth Strategy THROUGH GIFTING

ENHANCING RELATIONSHIPS

Stay top of mind and let your gifts be your best retention strategy. This increased sense of satisfaction can translate into a more positive attitude towards your company and lead to increased business.

ELEVATING YOUR BRAND

It's harder than ever to stand out in a digital world where our inbox is always full! Sending a tangible gift leaves a deeper footprint in the brain, enhancing memory and brand association and is important to business success.

CUSTOMER LOYALTY

Statistics show that only 5% of your customers bring in nearly a third of your total revenue. Surprising your customers with a useful gift is an engaging and personable way to interact with them. Clients who are rewarded are more likely to stay loyal to your brand and also tell others!

RECOGNISE ACHIEVEMENTS

Show appreciation to your biggest asset in your business, your staff! Showing appreciation through gifting can result in increased productivity, loyalty and staff retention.

Whether you need 20 gifts or 2,000, we offer unlimited possibilities for customisation to suit your budget, brand and core values!

WHAT WE DO!

SHARE YOUR VISION WITH US

Do you have a theme (corporate event, easter, christmas, celebration, settlement etc).
What is your budget, quantity needed and must have products you would like to see included.

WE BRING YOUR VISION TO LIFE

We create sample hampers for you and send a proposal for review. Tweaks can be made and further reviews if required.

ORDERING BEGINS

After we receive confirmation that you are happy with the final proposal, we get to work. We ask for any logos or branding files from you and start the order process for branded packaging and bulk products.

CREATION AND DISPATCH

Our team prepare the hampers and create shipping labels, package and prepare them for delivery at a time suitable to you. Gifts are sent with Australia Post (Nation Wide) and Tracking Numbers collated.

YOUR PHONE RINGS

You receive many emails and phone calls of thanks from all your recipients. The process is complete and you can take all the credit!

Blink Living

TESTIMONIAL

Blink Living contracted Rapt in a Box to put together all of our VIP holiday baskets and we could not have been more thrilled.

The team worked quickly and creatively to fulfill our wishes along with accommodating the custom bits and pieces we wanted to add in.

We received amazing feedback from the recipients with glowing reviews and appreciation. Rapt in a Box are also very responsive to emails along with being extremely proactive to search for correct addresses which to us is a massive bonus.

Their customer service goes above and beyond definitely. We will absolutely be using Judy and her team again this coming festive season.

Alaya Care TESTIMONIAL

AlayaCare has had the pleasure of working with Judy since 2021 for our annual gift hampers to our clients.

When looking for custom hampers we came across Rapt in A Box and have never looked back. Judy and her team catered to our every need and helped us create the perfect hampers for our clients. Judy consistently communicated with us which made the design process much smoother, and the team was able to get the hampers out to all our clients in a timely fashion.

We haven't had any returned hampers since working with Rapt in A Box which shows the attention to detail the team has compared to when we sent the hampers in 2020 with a different supplier where we received many returns. Our clients love the unique custom hampers and the AlayaCare team loves working with Rapt in A Box. We are looking forward to many more years of working together.
