

SOUNDBLADE®

T H E U N D E R M O N I T O R S O U N D B A R

DATA SHEET

A New Era In Desktop Audio

Developed in Australia by renowned audio engineers, the Soundblade is set to redefine the desktop audio and visual experience for a wide array of digital media.

Acknowledging the disparity between advanced 4k visual and audio technology in the desktop space, the Soundblade is designed to bridge the gap between monitor speakers and the visual experience, allowing users to truly feel the content they are watching and listening to.

BlueAnt

A Desktop Audio Powerhouse

Imagine every beat, dialogue, and sound effect in crystal-clear clarity and deep, thundering bass. The Soundblade achieves this with a powerful 120W peak power output, all within a form factor that sits elegantly under your monitor. It's more than just sound; it's a sonic journey that brings content to life, whether you're streaming your favorite series, engrossed in a gaming session, or listening to your favorite tunes.

Innovative Acoustic Engineering

At its core, the Soundblade boasts a unique acoustic design, featuring an 80mm neodymium subwoofer and dual full range neodymium drivers. This innovative arrangement ensures a powerful audio performance while maintaining lower distortion levels. Every nuance of sound is delivered with precision, making you feel the pulse of every soundtrack.

Embracing The AI-Driven Future

In an era where AI shapes the landscape of content creation, producing intricate and sophisticated audiovisual media, the Soundblade stands ready. It brings out the richness and depth in AI-generated content, offering sound quality that truly complements the complexity and intricacies of modern media.

Elevate Your Gaming And Streaming Experience

Tailored for movie buffs and gaming enthusiasts alike, the Soundblade turns your desktop into a mini-cinema and an epicenter of gaming realism. Feel the intensity of cinematic storytelling and the thrill of being 'in the game' with auditory details that create an unparalleled level of immersion.

Award-Winning Design Meets Functionality

The Soundblade's design is a testament to BlueAnt's commitment to aesthetic elegance and functional superiority. Its sleek, low-profile form factor not only complements your desktop but enhances it, merging seamlessly with your workspace. It's not just about listening; it's about experiencing sound in a device that's as pleasing to the eyes as it is to the ears.

Connectivity For Every Need

With diverse connectivity options like USB-C, Bluetooth® 5.3, and a 3.5mm auxiliary input, the Soundblade ensures seamless integration with a wide range of devices. Whether it's connecting to a laptop, MacBook, smartphone, or tablet, the Soundblade syncs effortlessly, making it a versatile addition to any tech ecosystem.

PRODUCT SPECIFICATIONS

Power Output: 120 watts peak power

Sound Configuration: 2.1 channel sound

Subwoofer: 1 x Built-in 80mm Neodymium subwoofer

Drivers: 2 x Full range dual voice coil, dual Neodymium magnet drivers

Compatibility: Compatible with PC, Mac®, PS5™, PS4™, Bluetooth®, AUX

Power Source: AC Power

Dimensions

* Size: 584 x 218 x 54mm/ 23 x 8.58 x 2.13in

* Weight: 1.7kg/ 3.75 pounds

Connectivity Options: USB-C, Bluetooth® 5.3 & AUX connectivity

Additional Features:

- * Mobile phone USB-C audio support
- * Switch between PC USB-C connectivity
- * One-touch control on unit
- * Remote control
- * 3 built-in EQs: Game, Movies, Music
- * Plug & Play Functionality
