

Quick Start Guide G65 ANSI-US

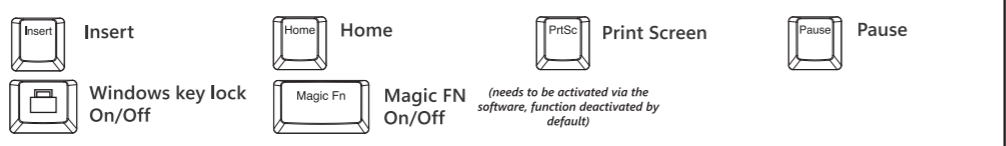

Function layer

Quick access to your standard function keys via

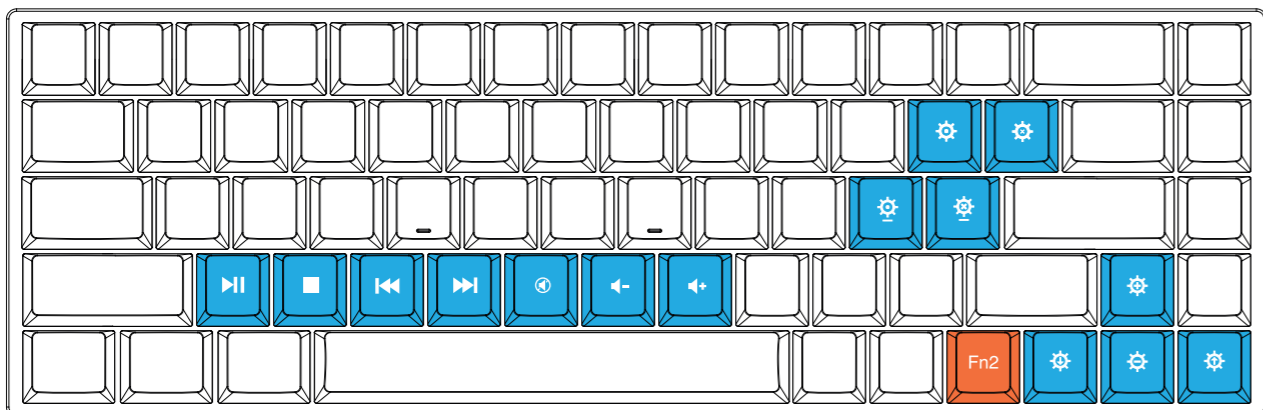

Press +

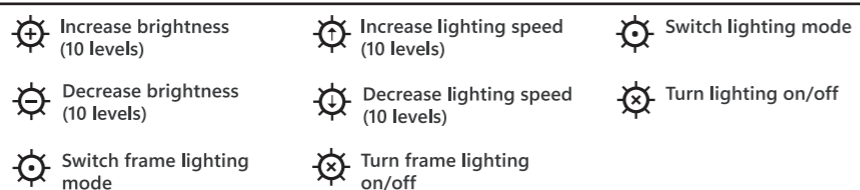

Multimedia keys & lighting control

In order to get access to your multimedia keys you need to press +

•Adjust lighting effects:

Press +

Setting up your keyboard

- Turn on your computer or gaming console.
- Connect keyboard connector to one USB port
- You're ready to use your keyboard.

PRO TIP

- Download the Ranked Utility from www.ranked.gg/pages/download
- Run the installer program
- Follow the instructions for installation.

Tap layer

Quick access to any keys when tapping (Default settings: <200ms)

When the Tap function is activated, tapping (<200ms) tap layer. However, a long press (>200ms) will retain the default function, allowing more flexibility and expanding the keyboard's functionality.

With our industry first ability to customize Tap Mode, you can configure any key on your keyboard to activate any action of your choice. For example; you could configure your 1 key to instead of typing the number 1, but act as F1 when tapped/pressed quickly.

PRO TIP

You can change the debounce time from 0ms up to 1,000ms via the software.

Factory Reset

To clear the onboard memory, hold the + for fifteen (15) seconds. The keyboard will then power on normally and be reset to factory defaults.

Warranty

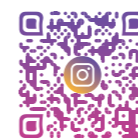

If any part fails due to a defect in material or workmanship within the Warranty Period (defined below), a replacement part will be provided free of charge except for the freight costs which are the owner's responsibility. Ranked will not pay for parts purchased in the field from other than a Ranked distributor. The owner is responsible for all labor charges. Replacement parts are warranted only for the balance of the original Warranty Period.

Two (2) Year Limited Warranty (For Ranked Branded Product Only)
