

Quick Start Guide M65 ANSI-US

Setting up your keyboard

- Turn on your computer or gaming console.
- Connect keyboard connector to one USB port
- You're ready to use your keyboard.

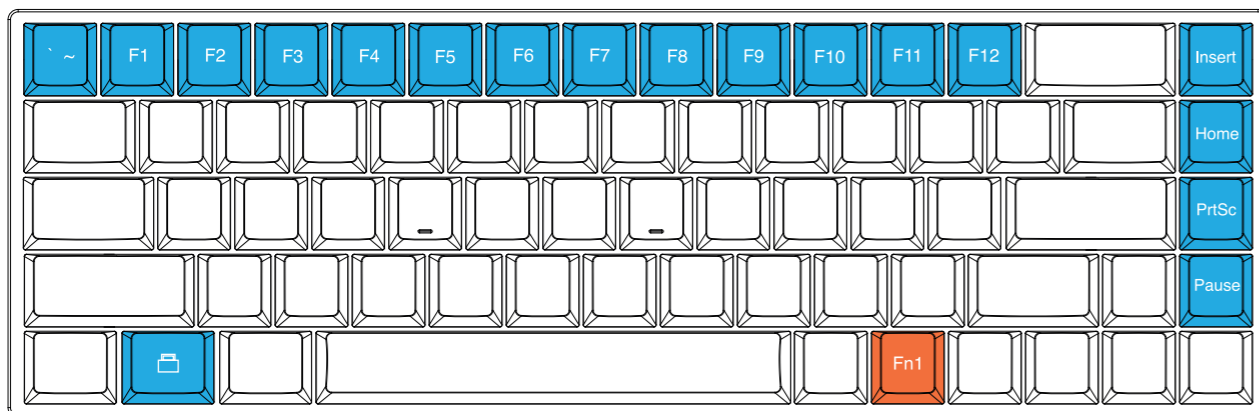

PRO TIP

- Download the Ranked Utility from www.ranked.gg/download
- Run the installer program
- Follow the instructions for installation.

Function layer

Quick access to your standard function keys via

Press +

Insert	Home	Print Screen	Pause
Windows key lock On/Off			

Rapid Trigger & Switch Actuation Customization

The rapid trigger technology in our keyboard allows for an immediate key reactivation without a full release. This enhances the speed and responsiveness of the keyboard, offering faster, uninterrupted typing or gaming.

To further optimize your typing or gaming experience, our keyboard also offers customizable switch actuation. This means that you can adjust at what point during a keypress the keyboard registers the action. The actuation point can be set to as low as 0.1mm, and can be adjusted in increments of 0.1mm to suit your individual preferences.

By taking advantage of these features, you can create a truly personalized typing or gaming experience.

Both the **Rapid Trigger** and **Switch Actuation** settings can be easily configured using our **Ranked Utility** software. Simply open the software, navigate to the appropriate settings panel, and adjust to your preference.

It's time to unlock your keyboard's full potential!

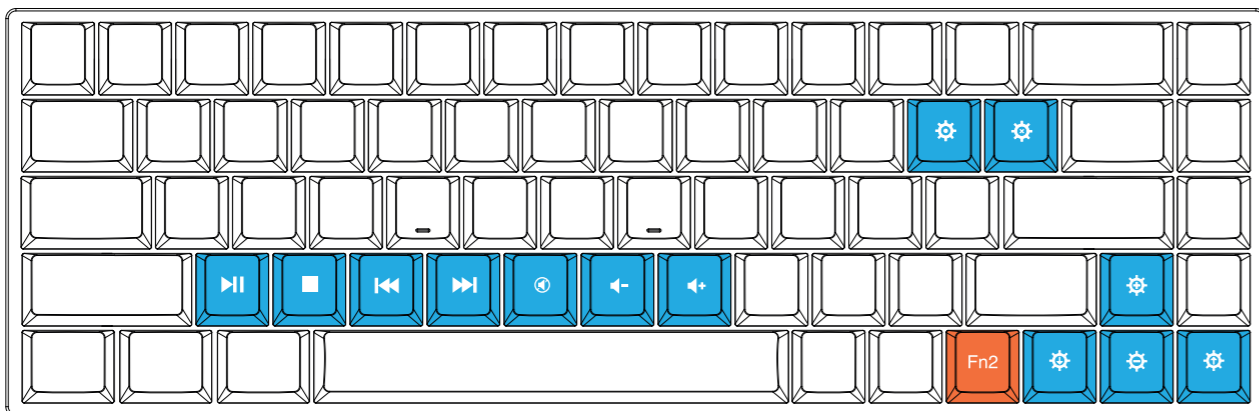

PRO TIP

You can change the debounce time from 0ms up to 1,000ms via the software.

Multimedia keys & lighting control

In order to get access to your multimedia keys you need to press +

• Adjust lighting effects:

Press +

Increase brightness (10 levels)	Increase lighting speed (10 levels)	Switch lighting mode
Decrease brightness (10 levels)	Decrease lighting speed (10 levels)	Turn lighting on/off

Factory Reset

To clear the onboard memory, hold the + for fifteen (15) seconds. The keyboard will then power on normally and be reset to factory defaults.

Warranty

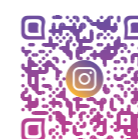

If any part fails due to a defect in material or workmanship within the Warranty Period (defined below), a replacement part will be provided free of charge except for the freight costs which are the owner's responsibility. Ranked will not pay for parts purchased in the field from other than a Ranked distributor. The owner is responsible for all labor charges. Replacement parts are warranted only for the balance of the original Warranty Period.

Two (2) Year Limited Warranty (For Ranked Branded Product Only)
