

FISHADELPHIA IS DOING ABOUT COVID-19

After consideration of some recent data & analyses available on COVID-19, we have decided to postpone next week's fish pickup.

We expect to add an additional pickup at the end of the season to make up for it.

The cost of postponement is low for us and could potentially contribute to the larger capacity and resilience of the health care system (e.g., "flattening the curve").

LEVERAGING OUR COMMUNITY NETWORK

Thanks to our new porch pickup system, Fishadelphia has developed mini-networks of neighbors all around the city, which we would like to leverage to support those who might be in need at this moment or in the near future.

+ SHARING OUR RESOURCES

TAKE CARE OF YOURSELVES

Wash your hands. Check in & stay connected with your loved ones.

A few notes in light of the current COVID-19 news:

1. Next week's fish pickup postponed

After consideration of some recent data and analyses available on <u>COVID-19</u>, we have decided to postpone next week's fish pickup. We expect to add an additional pickup at the end of the season to make up for it. The cost of postponement is low for us and could potentially

contribute to the larger capacity and resilience of the health care system (e.g., "flattening the curve").

2. Leveraging our community network

Thanks to our new porch pickup system, Fishadelphia has developed mini-networks of neighbors all around the city, which we would like to leverage to support those who might be in need at this moment or in the near future.

- Neighbor-based grocery delivery and other local support. If you need grocery delivery (or similar support) because you are in a high-risk category for COVID-19 and/or are quarantined, please let us know. Conversely, if you would be open to helping a neighbor by bringing groceries by, give us a shout. We will do our best to connect people to everyone's benefit.
- 3. Sharing our resources. Fishadelphia has just opened a "Land-to-Sea Mutual Aid Fund." Please consider donating to the fund, which will be used to support student, customer, and harvester families whose livelihoods have been affected by events related to COVID-19. You can Venmo us directly (@fishadelphia) with a note that it should go to the fund, or contribute through our website. If events around COVID-19 have impacted your livelihood, and you need financial support, please let us know. Any unused money will be returned to the donors after the impacts of the virus recede.

Take care of yourselves and your communities!

Wash your hands. Check-in and stay connected with your loved ones.

Let us know if you have any questions, and thank you for your support!

Talia, Tasha, Nia, and the rest of the Fishadelphia team
