

BUYLIST POLICY v3.2

Policy last updated: 3/21/2024

BY PURCHASING OR SELLING THROUGH OUR WEBSITE, YOU AGREE TO OUR TERMS OF SERVICE AND ALL THE POLICIES STATED ON OUR SITE.

Sunny Hobbies accepts walk-in trade/sell collections as well as mail-in collections. We do not have a specific buy list (as of this most recent update) and pay for your cards based on a predetermined percentage ratio which is listed below. Some exceptions may apply if our team members consider your card highly sought after or highly undesirable – in such cases the predetermined % may be increased or decreased. This is on a case-by-case basis only. If we provide a quote before you ship the items in, please note that this quote may change based on the actual condition of the card(s) that are received. Additionally, we reserve the right to re-quote if the previous quote was made more than 10 days ago.

We have the right to refuse to purchase any certain card or product.

We have the right to not price out any of your cards on the spot for walk-in trade/sell of collections if we deem the collection too large and will ask you to drop them off instead.

2. Mail-in collections and collections that are too large to price out on the spot

- Collections deemed too large to price out on the spot or mail-in collections will be put into a backlog for sorting. Usually, this is collections >15 cards.
- Payout ratios for each card will be agreed upon in advance. By default, payout ratios are per this document.
- You can withdraw up to 20% of your collection without fees. (BASED ON VALUE for collections >10000CAD, BASED ON QUANTITY for collections <10000CAD)
- Withdrawals exceeding 20% will incur fees based on the percentage of items being withdrawn as noted below:
 - o 20.1 - 35% of collection: \$25CAD/hour of work
 - o 35.1 - 50% of collection: \$30CAD/hour of work
 - o 50.1 - 100% of collection: \$40CAD/hour of work
 - o We keep tabs on the number of work hours spent for every collection we go through.
- Sunny Hobbies is not responsible for return costs or any damage, loss, or theft that may occur after the items are en route back to you unless insurance is purchased by the original owner.

3. Purchase of singles

- We only purchase English singles **LP or better condition**. Exceptions can apply and will need to consult staff (such as for foreign language purchases).
- We do not buy prize cards unless management approves.
- Market pricing determination is based on tcgplayer.com listed low/sold data and eBay.com sold history. Some exceptions apply, such as collectible items or heavily worn items.

- We do not purchase graded cards if we already have two or more in stock (regardless of grade).
- We only purchase cards graded by PSA, BGS, and CGC. Market prices are based on available data. For items that we cannot find solid pricing on, it does not count toward the % of items you're eligible to take out. Generally, we will make notes of how we came to the pricing valuation if we cannot find solid pricing for it.

#### **UPDATE AS OF 1/18/2024:**

**We are no longer by default purchasing any graded cards. All graded cards need to be reviewed by staff/management and custom quotes will be provided if we decide to buy it in.**

## **5. Purchase of sealed and other products**

- We do not purchase loose sealed packs.
- All buy-in rates for sealed and other products not listed above in prior sections are custom-quoted case-by-case scenario.

## **6. Trade-ins**

If you are looking to trade-in your item(s) to purchase one of our products, your trade-in items will be calculated based on store credit amount. The store credits then will be used to deduct the total of the item you are purchasing. Taxes will be calculated on any remainder balance (taxes only apply to Canadian buyers). Store credits are NOT usable for commission purchases and grading services. For further details please take a look at our STORE CREDITS POLICY.

## **7. Payments**

The seller (you) is responsible for ensuring the delivery of items to our store/office location. We are not responsible for any shipping costs. We will pay import tax up to the value based on the package that is coming in, but not any processing fees or duties. Any payments that we spend to receive the package will be deducted from the total payment that we send to you after sorting the collection (the exception being import taxes).

We are not responsible for any fees that may occur during payment to you. For example, if you wish to receive payment via “Wise” in EUROS, Wise has a processing fee as well as a currency conversion fee. Our typical payment methods for sorted collections are PayPal friends and family, Interac e-transfer, Wise, WeChat pay, Alipay, and in rare instances, BTC or ETH.

In the scenario that we are required to pay for your collection ahead of its arrival, only PayPal “goods and services” is used. You are responsible for any PayPal fees associated with payment.

## **8. Changes to Policies**

We will, however, update our email subscription with any major changes in the policies. Please consider subscribing to our mailing list.
