

TOY STERILIZER STORAGE - JJOBI BOX

Keep your children's health with toy sterilization storage box

It is very cumbersome to wash toys that get dirty every day. JJOBI BOX is a storage box that sterilized toys neatly by always using UV LED sterilization technology for the healthy life of children. All toys of any materials, such as rubbers, fabrics, furs are can be sterilized. Even the toys with batteries can put in the JJOBI BOX.

Smooth and secure edge design.

The lid and the body are designed in a round, smooth curve so that both parents and children can use it safely. In addition, the material of the box is made of polypropylene plastic(P.P), which is considered to be durable and relatively non-toxic considering the safety of the child.

Durable and beautiful wooden legs

Wooden legs of JJOBI BOX provide strong support for the storage compartment. JJOBI BOX also attached a scratch-resistant pads on the wooden legs to keep your floor safe.

Intuitive and easy to use

After having connected the power supply, simply put the toys in the JJOBI BOX and close the lid to have sterilization commence automatically. You simply have to put the toys in the JJOBI BOX for storage like when you use any average storage box. There is no manipulation or button whatsoever. In addition, JJOBI BOX needs very low power of 400mA to work, you can use it without any cost concern.

Safe and perfect sterilizaon technology

The UV LED of JJOBI BOX can completely sterilize germs in 60 minutes.
 JJOBI BOX is certified to 99.9% sterilization in SGS and KCL. In addition, all the safety standards have been verified such as CE certified and KC certified.
 Both parents and children can use JJOBI BOX without any concern.

Harmonized well with your house interior

JJOBI BOX is designed a simply cube box with proper height and size to harmonize well with other furniture in your house. JJOBI BOX adopts pastel pink and grey color for its body to fits well to your children's room.

Large storage space

JJOBI BOX designed its storage space, 50L, so you can keep many kinds of toys at the same time. Due to its cube box configuration, it is possible to store big size dolls, spherical balls, as well as long train toys. You don't need to worry about the increasing numbers of toys to keep as the child grow.
