PEMBROKE PINES, FL, SEPTEMBER 21, 2013 - *Music Is a Rainbow* by Stephan Earl (published by [SearlStudio Kids](http://SearlStudio Kids)), associates sounds with the colors of the rainbow for children 0 to 3 years old.

Music and rainbows capture the joy and imagination of the human spirit. It's no coincidence that there are seven notes of the musical scale and seven colors of the rainbow. With pitch-perfect rhymes and colorful illustrations, *Music Is a Rainbow* makes a whimsical connection between sound and color.

*"Indigo notes have darker tones, like owls at night making hoots and moans. Violet notes sound like butterfly wings, whisking through gardens and watery springs."*

"Infants and toddlers are learning everyday about sounds and color. I wanted to create a fun rhyming story that ties the two together," says Stephan.

Parents can also associate each color within the story with notes from the solfège scale: DO, RE, MI, FA, SOL, LA, TI, DO.

**About Stephan Earl:** Stephan Earl is passionate about music and has been since the age of 12 when he first learned to play the clarinet in his home town of New York. Stephan currently resides in Boynton Beach, Florida with his wife and daughter.

**About SearlStudio Kids:** SearlStudio Kids publishes books for children that enrich their lives through discovery of the arts and the exploration of their inner creativity. Through great stories, we want to inspire Kids to discover, imagine and create; while learning good values of applying hard work to achieve their dreams.
