WELCOME TO LEATHERICIAN

Every great product begins with a story. Leatherician was born out of a simple yet powerful belief: true luxury is timeless, not trendy.

We have been part of the leather industry since 1992, proudly carrying forward a second-generation family business.

At Leatherician, we make leather bags and accessories the way they're meant to be—crafted with care, built to last, and designed to fit seamlessly into modern life.

Born in Kolkata, shaped by years of craftsmanship, and inspired by global style, our pieces are timeless companions. Every bag or wallet is handcrafted from genuine leather that ages beautifully, becoming more personal with every use. Whether it's a laptop bag for work, a wallet you carry every day, or a gift for someone special—Leatherician pieces are made to hold not just your essentials, but also your stories.

MAKE A LASTING IMPRESSION

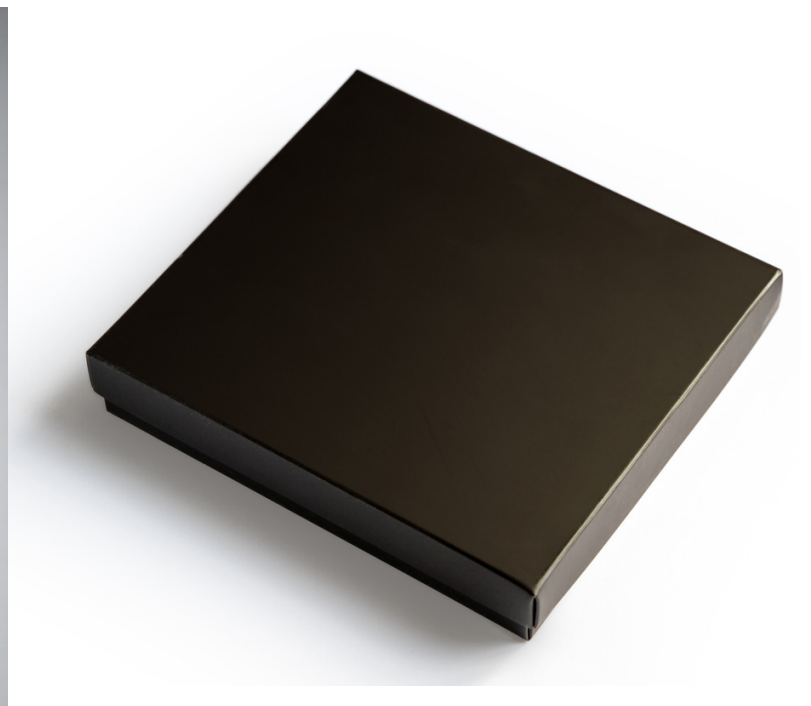

Every Leatherician piece is crafted with care, blending fine detail with timeless design. From honoring your team's dedication to thanking loyal clients or sharing your brand's story, our bags and wallets make gifts that feel personal, meaningful, and effortlessly stylish.
