COMPANY OVERVIEW

Revolutionary Innovation

Revolutionary innovation isn't just a goal - it's our driving force. We aim to fundamentally transform the golfing experience. Through intensive research and experimentation, we strive to anticipate and address the evolving needs of golfers everywhere.

Uncompromising Quality

Exemplifying uncompromising quality, craftsmanship, and reliability, Voice Caddie products set the standard in the golf industry. From concept to execution, we maintain unwavering standards to ensure that every product with our name reflects excellence in every detail.

Inclusive Accessibility

We are dedicated to ensuring that every golfer, regardless of background or skill level, has access to the advanced tools and resources they need to enhance their game. Our commitment to inclusivity extends beyond affordability to encompass user-friendly design and intuitive interfaces.

VOICE CADDIE Continues Its Pursuit of Revolutionizing Golf Technology

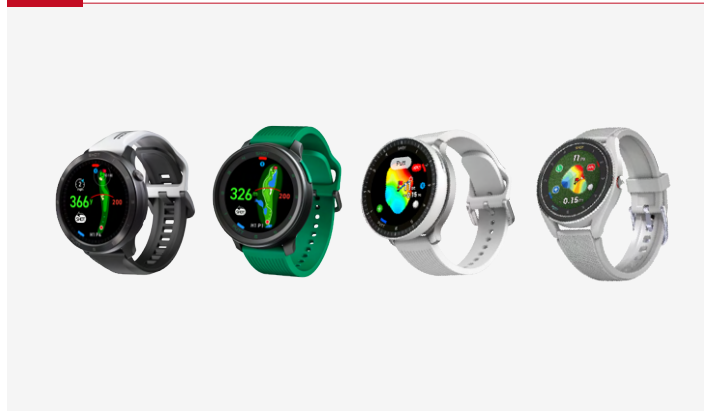

- The world's first voice output GPS
 - * The only true Voice output GPS that is affordable and can be used by all golfers
- A true Hybrid GPS laser that is capable of combining GPS data for background filtration and to provide data to the green from any targeted point on the course
- A high-resolution color touchscreen GPS golf watch provides detailed course layouts, green undulation data, hole guideline and yardages.

SIMULATOR +
LAUNCH MONITOR

SC4

MySwingCaddie App

PRODUCT DESCRIPTION

The Voice Caddie SC4 is both a complete simulator and portable launch monitor. For use both indoors and outdoors, the SC4 delivers professional grade swing and ball flight metrics. In simulator mode, the SC4 connects with the included MySwingCaddie App, providing a complete virtual display along with metrics and stats. To further enhance the simulator experience, the SC4 is fully compatible with E6 Connect and its suite of photorealistic courses (optional subscription). In outdoor use, the SC4 can be used completely in standalone with its vivid display that shows carry distance, launch direction, swing speed, ball speed, smash factor, launch angle, apex, and spin rate. For a more advanced experience, the SC4 connects directly to a smartphone or tablet via Bluetooth allowing golfers to save and track, record swings, and produce swing overlays. The included remote control, voice output of distance, and rechargeable Lithium Ion battery ensures both the highest level of experience and convenience.

SPECIFICATIONS

Dimensions / Weight	4.88" x 7.59" x 1.14" / 15.4oz
Color	Black
Display	4.8" LCD
Sensor	Doppler Radar Sensor
Frequency	K Band 24 Ghz
Battery Type	Polymer Li-ion Rechargeable
Battery Life	Up to 10 hours
Accuracy	± 2% (ball speed) ± 3 yards (carry distance in target mode) ± 3% (carry distance in practice mode)
Measuring Range	15~370 yards (1yard=0.91m)
Positioning	Placed approximately 1.5 meters (5ft) directly behind the ball

* Battery life depends on usage condition

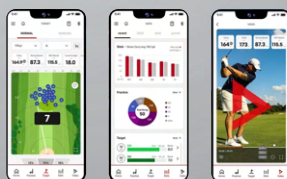

MAIN FUNCTIONS

- Doppler Radar Launch Monitor & Simulator
- Measures
 - Carry/Total Distance
 - Ball Speed
 - Apex (Max Height)
 - Launch Direction
 - Swing Speed
 - Smash Factor
 - Launch Angle
 - Spin Rate
- Simulator App Integration (iOS, Android)
- Play Photorealistic courses with Available E6 Connect
- Free Simulator Driving Range Demo
- Voice Output of Distance
- Statistics for Each Club
- Barometric Pressure Sensor
- Modes
 - Practice
 - Target
 - Swing Speed

PROFESSIONAL GRADE
LAUNCH MONITOR

SC300

MySwingCaddie App

PRODUCT DESCRIPTION

The Voice Caddie SC300i is our family of professional-grade launch monitors. The SC300i's design delivers improved accuracy, and consistency versus previous models while increasing battery life by 66%! The powerful and portable SC300i provides golfers with complete swing and ball flight metrics found in professional-grade launch monitors used by top club fitters, teaching pros, and tour players (spin data displayed in MySwingCaddie App only). Using the latest Doppler radar technology, and calibrating atmospheric pressure sensors, the SC300i provides uncompromised precision. The SC300i connects directly to a smartphone or tablet via Bluetooth allowing golfers to track and save their data, use video to record swings, and incorporate swing graphic overlays. The MySwingCaddie App, voice output of distance, and included remote control provide the highest levels of user experience and convenience.

SPECIFICATIONS

Dimensions / Weight	6.5" x 4.7" x 1.1" / 15.4oz
Color	Black
Display	5.3" LCD
Sensor	Doppler Radar Sensor
Frequency	K Band 24 Ghz
Battery Type	Li-Polymer
Battery Life	Up to 20 hours
Accuracy	± 2% (ball speed) ± 3 yards (carry distance in target mode) ± 3% (carry distance in practice mode)
Measuring Range	10~370 yards (1yard=0.91m)
Positioning	Placed approximately 1.5 meters (5ft) directly behind the ball

* Battery life depends on usage condition

MAIN FUNCTIONS

- Doppler Radar Launch Monitor
- Measures
 - Carry/Total Distance
 - Ball Speed
 - Apex (Max Height)
 - App Integration (iOS, Android)
 - Swing Speed
 - Smash Factor
 - Launch Angle
- Spin Data Available via My Swing Caddie App
- Voice Output of Distance
- Statistics for Each Club
- Barometric Pressure Sensor
- Mode
 - Practice
 - Target

PORTABLE LAUNCH
MONITOR

SC200 PLUS+

PRODUCT DESCRIPTION

A truly portable and affordable launch monitor, the SC200 PLUS+ is designed to provide golfers with complete swing and ball flight metrics found in professional-grade launch monitors. The Practice Swing Mode feature (measures swing speed without ball strike) allows users to practice work on maximizing swing speed. The SC200 PLUS+ provides exceptional precision by utilizing the latest Doppler radar technology and calibrating atmospheric pressure sensors. By integrating voice output of distance, and included remote control, the SC200 PLUS+ is easy to use and provides a complete and convenient user experience.

SPECIFICATIONS

Dimensions / Weight	5.9" x 3.2" x 1.1" / 7.3oz
Color	Gray
Display	4" LCD
Sensor	Doppler Radar Sensor
Frequency	K Band 24 Ghz
Battery Type	Alkaline Battery (AAA x 4 Each)
Battery Life	Up to 20 hours
Accuracy	± 3% (ball speed) ± 5% (carry distance) 30~320 yards (1yard=0.91m)
Measuring Range	Placed approximately 1.5 meters
Positioning	(60") directly behind the ball

* Battery life depends on usage condition

MAIN FUNCTIONS

- Doppler Radar Technology
- 4 Modes
 - Practice
 - Approach
 - Target
 - Practice Swing
- Simultaneous Display
 - Swing Speed
 - Carry Distance
 - Ball Speed
 - Smash Factor
- Measures Clubhead Speed w/no Shot Required
- Distance Voice Output
- Instant Feedback via LCD Display
- Adjustable Loft Feature
- Distance Adjustment by Barometric Pressure Sensor
- Daily and Overall Stats for Each Club
- Shot Count and Time Display

HYBRID GPS
LASER RANGEFINDER

SL3

 MyVoiceCaddie App

PRODUCT DESCRIPTION

The all-new SL3 captures the highest essence of technology in one, state-of-the-art laser rangefinder. An active hybrid GPS laser rangefinder, the SL3 integrates a high-resolution touchscreen, dynamic and detailed green undulation data, and course layout graphics (with eagle eye overview), putt view with elevation/distance measurement, and GPS distance readings. In its scope is a bright multi-color OLED display with best-in-class optical clarity. The SL3 integrates slope compensation, pin tracer with GPS pin assist for advanced stabilization, a ultra-high-speed processor, and high propensity noise filtration. The SL3 is the only device ever to integrate a fully hybrid GPS for maximum filtering and stability, illustrative course layout and green view, and putt distance measurement into a laser rangefinder. Truly the most advance laser rangefinder ever developed.

SPECIFICATIONS

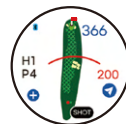

Dimensions / Weight	1.61" x 3.05" x 4.29" / 7.7oz
Color	Grey, Blue green
Display	View Finder – OLED / Touch Screen – LCD
Battery Type	rechargeable Li-Polymer 1000mAh
Battery Life	GPS Pin Assist Mode - 20 hours Laser Mode - 45 hours
Accuracy	± 1 yard
Measuring Range	5 – 1,100 yards (1yard=0.91meter)
Magnification	6x

* Battery life depends on usage condition

MAIN FUNCTIONS

- True Hybrid GPS/Laser Rangefinder
- Pin Tracer™ (Increased lock on area)
- GPS Pin Assist: Utilizes GPS Data to Filter Background and Hone in on the Pin
- Slope Integration with Tournament Mode
- Shot Distance Measurement
- Putt View - Elevation / Distance
- Color Touch LCD Screen
- Course layout / GPS yardage view / Green Undulation / Putt View
- Adjustable Dual Color OLED for Low Light Play
- Optical Angle/High Clarity Lens
- Wind Direction & Speed confirmation

* Course layout & Green Undulation is not available for all courses. Currently, Course layout & Green undulation is active for over 13,000 courses worldwide. (Continuesly updating the data library)

COMPACT
LASER RANGEFINDER

LASER FIT

PRODUCT DESCRIPTION

The Laser FIT is the most attractive rangefinder, boasting a stylish design and compact size. The new feature, 'Ball to Pin' mode provides accurate distance guidance by measuring the ball and pin at the current location without the golfer having to reach the ball. Dual display allows clear distance measurement in any environment, and Pin Tracer™ and Spot Measure Mode provides quick distance measurement and the most accurate distance guidance.

SPECIFICATIONS

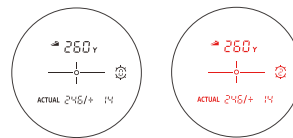

Dimensions / Weight	3.39" x 1.48" x 2.21" / 4oz
Color	Metal Beige, Navy Scarlet, Cadet Blue
Display	Dual Display
Battery Type	Rechargeable Li-Polymer 500mAh
Battery Life	8 Hours
Accuracy	± 1 yard
Measuring Range	5 – 800 yards (1yard=0.91meter)
Magnification	6x

* Battery life depends on usage condition

MAIN FUNCTIONS

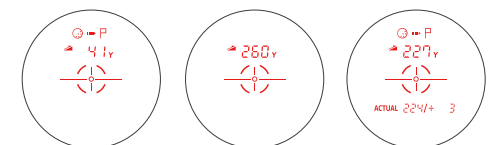

- Ball to Pin
- Pin Tracer™ (Increased lock on area)
- Spot Measure Mode
- Slope Integration with Tournament Mode
- Shot Distance Measurement
- Dual Display
- Optical Angle/High Clarity Lens
- 6x Optical Magnification

PHENOMENAL
PERFORMANCE

TL1

PRODUCT DESCRIPTION

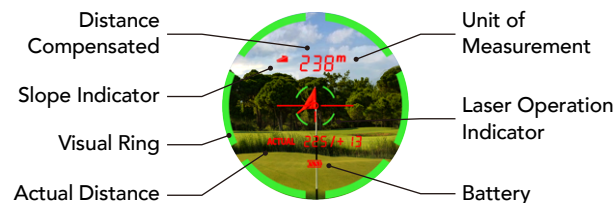

The revolutionary TL1 combines curated and innovative ergonomic design to provide unparalleled accuracy and durability. The newest addition to VOICE CADDIE's line of Tour-Proven laser rangefinders, the TL1 includes new Pin Tracer™ technology, enhanced V-Algorithm™, instant slope on/off switch, dual-color OLED, 6x optical magnification, high speed processor, and the highest quality optical lenses and sensors which rebuilds the performance in golf.

SPECIFICATIONS

Dimensions / Weight	1.6" x 2.92" x 4.27" / 7oz
Color	Matte Gray
Display	2Color OLED
Battery Type	Lithium CR2 (3V)
Battery Life	Approximated 5,000 times
Accuracy	± 1yard
Measuring Range	5 – 1,000 yards (1yard=0.91meter)
Magnification	6x

* Battery life depends on usage condition

DISPLAY VIEW

MAIN FUNCTIONS

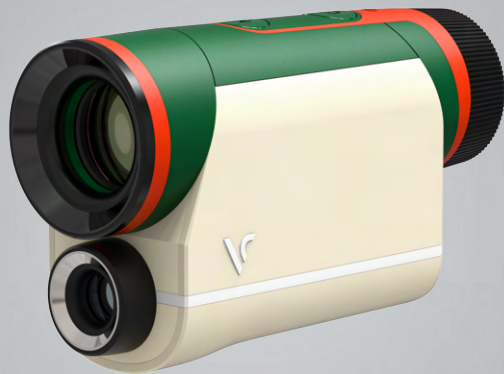

- Pin Tracer™ (Increased lock on area)
- V-Algorithm™ (Enhanced slope)
- Integrated Magnet
- Auto Slope (Slope function can be turned on/off)
- 1000 Yards Range
- 2-Color OLED
- 6x Optical Magnification
- Spot Measure Mode
- Auto Brightness
- Water Resistant

📍 PIN TRACER™

Pin Tracer™ technology delivers consistent and reliable pin and flag targeting without unintentionally obtaining distances to background objects and targets. Press and hold the "Power" button when targeting the pin and flag to activate Pin Tracer™ technology.

COMPACT
LASER RANGEFINDER

CL3

PRODUCT DESCRIPTION

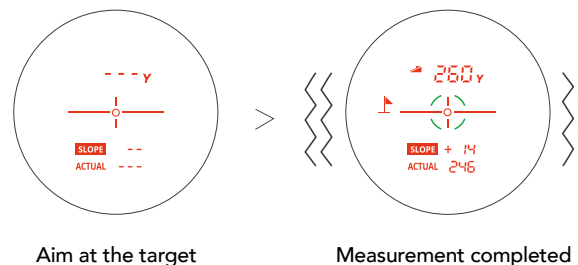

CL3 is a product that meets both design and performance. Pin tracer™ and spot measurement functions enable fast and accurate distance measurement, and the V-algorithm™ guides the correction distance to the target.

SPECIFICATIONS

Dimensions / Weight	1.48" x 2.5" x 4.1" / 5.2oz
Color	Green White
Display	2 Color OLED
Battery Type	CR2 (3V)

LASER
RANGEFINDER

L6

PRODUCT DESCRIPTION

The new L6 is a full-feature laser rangefinder that is designed for maximum performance and durability on the course. In its scope is OLED display that emits bright red readings for maximum visibility in all conditions. The L6 utilizes best-in-class optics for robust clarity and visuals at all distances. With a super high speed processor, the L6 laser signal speed is designed for rapid fire and target locking throughout the course. Equipped with slope distance compensation and advanced stabilization, the L6 is designed for use by professionals and golfers of all skill levels. The integrated Pin Tracer combines multi-point shooting and precision filtration to provide rapid and accurate readings from all distances. While laser rangefinders in the market utilize low grade optics and signal output systems without filter and stabilizer assistance, the L6 is a complete and premium device designed for total performance.

SPECIFICATIONS

Dimensions / Weight	1.61" x 2.81" x 4.3" / 5.6oz
Color	Black
Display	OLED
Battery Type	CR2 (3V)
Battery Life	Approximated 5,000 times

Measuring Range	5 – 1,200 yards (1yard=0.91meter)
Magnification	6x

* Battery life depends on usage condition

MAIN FUNCTIONS

- Auto Slope (Slope function can be turned on/off)
- Pin Tracer™ Technology with Vibration & Visual Indicator
- V-Algorithm™
- 1,000 Yards Range
- 6x Optical Magnification
- Speed-Detecting Booster
- 1-Touch Pin Mode
- Strong & Durable Body
- Continuous Scan Mode (Normal Mode)
- Vibration on Target Capture (Pin Mode)

LASER
RANGEFINDER

L5

PRODUCT DESCRIPTION

The L5 is a full-feature laser rangefinder that is designed for maximum performance and durability. The L5's improved optics and ultra-fast processor, combined with slope integration and advanced stabilization make it the perfect fit for golfers of all levels.

SPECIFICATIONS

Dimensions / Weight	1.5" x 2.8" x 4.2" / 5.3oz
Color	Black
Battery Type	CR2 (3V)

VOICE OUTPUT GPS

VC4

PRODUCT DESCRIPTION

The VC4 is the most advanced voice output GPS rangefinder on the market today! Advanced technologies such as Active Green™ (provides precise yardage), V-Algorithm™ (auto-slope calculation), and Smart Battery Management work together to provide unmatched accuracy, and performance in a high-powered, easy-to-use device. The VC4 features automatic course detection, gives yardages to the green front/center/back, and measures shot distance.

SPECIFICATIONS

Dimensions / Weight	1.8" x 1.8" x 0.52" / 1oz
Color	Silver
Battery Type	USB 2.0 Rechargeable
Battery Life	36 Hole Play

MAIN FUNCTIONS

- Voice Output of Distance
- Active Green Info
- Auto Slope™
- Automatic Course / Hole Recognition
- Over 40,000 Course from Around the World Preloaded
- Distance to Front / Center / Back of the Green
- Simple and Easy to Use
