Engage™

Bay Built-in Gas Fireplace

Faber helps you create the atmosphere and look you desire for your unique space. The Engage Linear Gas Fireplace series offers complete installation flexibility with four design options to choose from front-facing, right/left corner or bay. Building on a foundation of European style and quality, the Faber Flat Burner creates a modern fire that looks natural, rich and full. Fully customizable flame controls allow you to adjust the flame height and width to match the comfort needs and mood of the room. This contemporary design is a must have for any home and pairs perfectly with a television.

Bay Built-in Gas Fireplace

Faber Flat Burner®

The Faber Flat Burner creates a fire that looks natural, full and rich. Fully customizable flame controls allow you to adjust the flame height to the mood of the room. Keep the look and adjust the outside burners to off to focus on the central flame all while reducing the heat output.

Rear Wall Steel

Provides a clean, solid dark interior finish to work seamlessly with any décor.

Invisimesh

A protective layer of Invisimesh surrounds the glass barrier of the fireplace and provides a warm surface safe for children and pets.

Remote Control

Sit back and relax, while controlling all fireplace features from the comfort of your chair.

Media Options

The Engage comes with decorative glass pebbles, enhance the design and upgrade to one of our premium media offerings: realistic driftwood log set; Carrara stones or grey split stones.

Venting Compatibility

Dura Vent adapter (included)
ICC adapter TM-5AA8 (sold separately)

28,000 - 42,500 BTU
