TRIM CHOCOLATE

Health & Wellness | Body Transformation

What ingredient(s) give Trim Chocolate its decadent flavor?

- Trim Chocolate is made with real cocoa powder and other natural flavors to enhance the rich chocolate flavor.

Where is the cocoa ingredient sourced?

- Trim Chocolate uses a highly recognizable, world-class branded cocoa powder. Our product was carefully crafted with this ingredient to deliver the finest quality and enhanced chocolate taste.

Can I replace Liquid BioCell® Pure or Liquid BioCell® Life with Trim Chocolate for my daily intake of Liquid BioCell?

- Each tablespoon of Trim contains a quarter of a daily serving of Liquid BioCell. We recommend pairing a dose of Trim each morning with a serving of Pure or Life each evening.

Is Trim Chocolate sugar free?

- Yes, Trim Chocolate is sugar free.

Is it gluten free?

- Trim Chocolate is gluten free.

Is Trim Chocolate dairy free?

- Yes, it is.

Is Trim Chocolate appropriate for someone with a chocolate allergy?

- No, Trim Chocolate is not recommended for those with a chocolate allergy.

Does Trim Chocolate contain the same researched amount (clinical strength) of CLA as the other flavors of Trim?

- Yes, it contains the researched amount (clinical strength) of CLA.

What are the differences between the three different flavors of Trim?

- Trim Chocolate, Coconut Lime and Vanilla all contain the clinically studied amounts of Liquid BioCell® and conjugated linoleic acid. While the key ingredients are the same, there are slight differences in the amounts of other ingredients like water and glycerin in order to achieve the best flavor profiles.
