TRIM COCONUT LIME

Health & Wellness | Body Transformation

What ingredient(s) give Trim Coconut Lime its refreshing flavor?

- Trim Coconut Lime is made with flavors derived from natural ingredients. The exact blend is proprietary.

Can someone with a coconut allergy take Trim Coconut Lime?

- Yes, Trim does not contain any coconut allergens.

Can I replace Liquid BioCell® Pure or Liquid BioCell® Life with Trim Coconut Lime for my daily intake of Liquid BioCell?

- Each tablespoon of Trim contains a quarter of a daily serving of Liquid BioCell. We recommend pairing a dose of Trim each morning with a serving of Pure or Life each evening.

Is Trim Coconut Lime gluten-free?

- Yes, Trim is gluten-free.

Is it sugar-free?

- Yes, Trim is sugar-free.

Is it dairy-free?

- Yes, Trim is dairy-free.

Does Trim Coconut Lime contain the researched amount (clinical strength) of CLA?

- Yes, it contains the researched amount (clinical strength) of CLA.

Can I freeze Trim Coconut Lime?

- We do not recommend freezing this product.

Can I add Trim Coconut Lime to a hot beverage?

- Yes, Trim can be added to hot or cold drinks such as coffee or smoothies.

What are the differences between the different flavors of Trim?

- Trim Coconut Lime, Trim Chocolate and Trim Vanilla all contain the clinically studied amounts of Liquid BioCell and CLA. While the key ingredients are the same, there are slight differences in the amounts of other ingredients like water and glycerin in order to achieve the best flavor profile.
