

## Power Switch Replacement

Part# S6054 [Ref. #21-1]  
Content: 1pc

### ⚠ WARNING

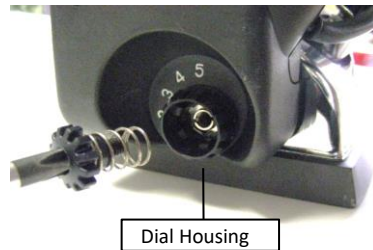

Before attempting to troubleshoot the iron, turn off and unplug the iron from the power supply. Close the valve on the Water Tank and disconnect the hose from the iron. Wait for the iron to cool down.

### Technical Support Steps

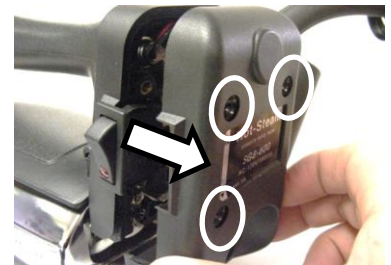

- 1 Hold and slide up *metal ring*, then detach from the *outer cover*

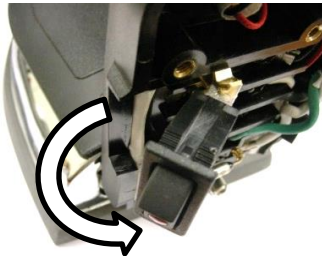

- 2 Remove *dial screw* and *dial spring* set, then the *dial housing*

- 3 Remove screws(3) from the *outer cover* and gently open it

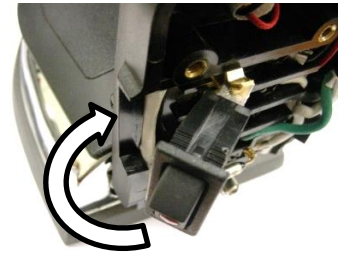

- 4 Remove *power switch* from the body, then from the terminals

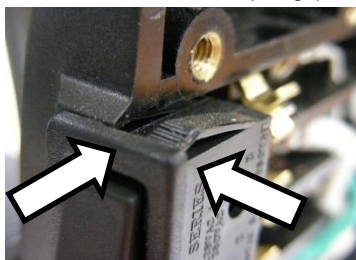

- 5 Place the new *power switch* with the light indicator facing down

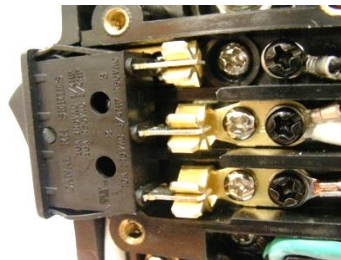

- 6 Install *power switch* starting from the terminals, then the body

- 7 Once installed in place, push-in *power switch* to eliminate open gaps

- 8 Inspect all prongs are making contact on each terminal

- 9 Keep assembling all components in the reverse order of removal
