

TSH7

PTFE Steam Hose with Stainless Steel & Dacron Braided

Hot-Steam® TSH7 Series steam hose is compatible with most all-steam irons in the market today. Flexible tube with stainless steel braided layer and heat-resistant dacron cover construction for durability and outstanding strength makes this hose ideal for pressing your garments for long period of time. Built-in female swivel ends to simplify installation without twisting hose. Spring coil ends prevents kinking on the line. FIT7 brass adapter included

TSH Series

PTFE Steam Hose with Stainless Steel & Dacron Braided

Two-wrench Installation Method

Fasten the hose nut with one wrench while firmly holding the hex-part of the hose fitting on the iron with another wrench.

Limited Warranty

The Höt-Steam® TSH Series Steam Hose is inspected before leaving our factory and we warrant to the original user of this product that it will be free from defects in material and workmanship for 90 days from date of purchase.

This warranty is contingent upon installation on All-Steam irons and use of equipment under normal industrial operating conditions, without alteration, modification and/or repair.

In no way will the manufacturer of the TSH Series Steam Hose be responsible for any incidental or consequential damage of the product. Any liability is limited solely to the repair or replacement of the product. This warranty is void if the product has been subject to misuse, abnormal conditions, faulty installation, or negligence.

For warranty service, contact an Authorized Dealer from whom the TSH Series Steam Hose was purchased.

⚠ WARNING

The TSH Series Steam Hose is a non-durable part and requires periodic inspection and replacement
