## **USER GUIDE**

# How to Download and Import Media Profiles Into Roland VersaWorks®

This document shows you how to easily download media profiles from the Roland Profile Center website and upload the media profiles into your version of the Roland VersaWorks<sup>®</sup> RIP Software.

Welcome to the Roland Profile Center. Conveniently located at <u>www.rolandprofilecenter.com</u>, you will find the latest media profiles for Roland printers and popular media types. Be sure to visit the website frequently as it is regularly updated with new media profiles. This user guide will show you how easy it is to download media profiles for the Roland Profile Center and install them in your VersaWorks RIP<sup>®</sup> software.

Note: This guide is for use on Windows systems only.

Page 2 of 22 Date 02/02/2015

# 1. Visit the Roland Profile Center by typing <u>www.rolandprofilecenter.com</u> into your internet browser

- a. The website will take you directly to the profile search page.
- b. Anyone can search for profiles but once you are ready to download your selection, you will be prompted to log in or create an account.

## How to Upload Profiles Into VersaWorks™

### 2. Search for profiles using the convenient search dropdown menus.

- a. We've made searching for profiles really easy by designing pre-set search tools.
- b. To begin your search, select your printer. The website will dynamically show the results for all the available media profiles for the printer you selected.
