

Placement Information

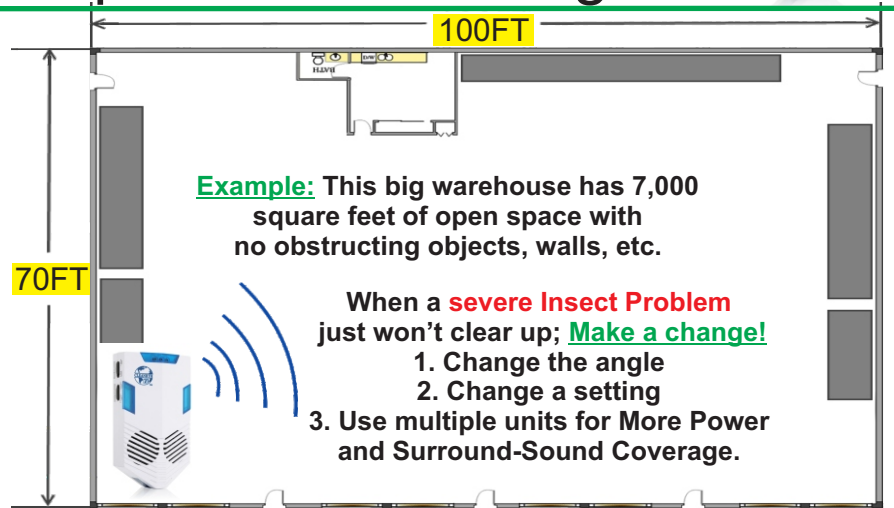

Example #1: Open Area Coverage

This is an example of the **Advanced Ultrasonic Insect Repelling System** in an open area Warehouse. The unit is rated up to **7,000 sq ft** of **open area** coverage.

What does **open area coverage** mean? It means an area **without** walls, doors or any other obstacles that can get in the way of the ultrasonic sounds. The more obstacles/things the high-intensity ultrasonic sounds encounter, the less intense the insect-repelling sounds become.

Hints:

When you **run into** a **Tough / Severe Insect Issue**, the best thing you can do to resolve the problem is to **Bring in more Units for More Repelling Power** then Blast the Insects from every angle.

REMEMBER: Repelling Power & Sound, Time Repelling, and Repelling Change are what drives Insects Out and Away

Example #2: Minor Insect Issue

In this next example (**Right**) there is a **Minor Insect Problem** within the living room / kitchen area. Placing one unit facing the most Open Area of these two rooms should force the Insects out!

"BUT" if for some reason you're not seeing any results around the 16 - 20 day mark, it's time to cover the surrounding rooms around this problem area. Adding Repelling Power and Creating Repelling Change is Key to Success for Tougher Insect Issues.

WE CARE ABOUT YOUR RESULTS

In most cases, repelling insects with one unit eliminates the pest / insect problem within a 16-20 day period.

If this does not happen, then it's Time to Let Us Help You. Most of the time, we are just One Step Away from Solving the Insect Issue

Please Contact Us and We will move to our **Stage II** to create a change in repelling.

Example #3: Severe Rodent Issue

In this last example, (**bottom right**) we have a **Severe Insect** problem throughout this home. You will want to place a unit within each room that has seen activity.

This type of repelling creates a **surround-sound, repelling-effect** which demands the insects to **leave** from **both sides** of the wall.

If your Insect Problem still persists after the 16-20 day mark. Please Contact us as we will Move to a **Stage 2** worth of Help/Repelling

If Ordered Online, it's **"BEST"** to Contact Us via the website you ordered from (e.g., Amazon, Walmart, Sears, etc.) or E-mail: info@cleanrth.com or Phone: 480-255-5113
