

Running the Rodent-Repelling Routine & What to Expect

1) Once set up & turned on, please allow eight days worth of repelling in 1 spot:

This is how Cleanrth's Advanced Ultrasonic Rodent Repeller works:

Imagine that you hear a nearby car alarm going off. The sound is very annoying, but it's not enough to make you leave the area immediately. Eventually though, if the sound continues, you'll move to a different area and avoid that location as much as possible.

Rodents within the repelling-sound area feel *Uncomfortable & Disturbed*.

Rodents outside of the repelling area will feel Normal and Comfortable again.

Over time, this uncomfortable feeling trains the unwanted rodents to avoid the area. Rodents aren't as smart as humans, and they can be stubborn, especially if they have access to easy food, a nest, or young in the area. It takes time but they will eventually leave the area.

It typically takes 16 days (sometimes sooner) to see results of this rodent-repelling training

2) Use the 8th day as a check point:

Do you still see rodent activity on this day? Has the issue diminished at all? If the problem has improved; great, please continue to use the device in its current settings.

If the rodents are still a **major problem then it's time to make a change**: Still please make sure **Rodent Targeting Switch** is set to Stage 1, **Rodent Power Switch** is set on Full Power. Now, depending on what you had it set to before, please change **Rodent Confusion Switch** from Rodentonic 1 to Rodentonic 2 or Rodentonic 2 to Rodentonic 1. Also just double check and make sure you feel the Cleanrth Rodent Repeller is facing the best possible position so that it has clear view of the area your trying to repel; extension cords work great for better positioning. Change in repelling is Key to Rodent Repelling Success! After making these changes, please allow another eight days of repelling.

3) Use the 16th Day as your last checkpoint:

Has the issue diminished? If not, then it's time for us to help. Please Contact Us and we will move to what we like to call our *Stage II* worth of help: **Free of Charge**.

As a company, we are here to help you solve any tough rodent issues.

Ways to Contact Us:

- 1) If **Ordered Online**, it's **"BEST"** to **Contact Us** via the **website you ordered from** (e.g., Amazon, Walmart, Sears, etc.)
- 2) Our Business E-mail: info@cleanrth.com
- 3) Local Phone: 1-480-255-5113
Toll Free Phone: 1-855-707-7075
