

This device is audible to humans.

This device is audible to humans.

Please be aware that this device
was designed to be audible
in order to repel squirrels.

If you find that this sound annoys you, please do not give us a bad 1 star review on Amazon based on this audible feature, as they really hurt our business.

Instead, we have made it very
quick and easy to return the device for a full refund.

In most cases, we will immediately refund your money and you can return the device at your convenience.

Thank you for your understanding!
