A fantastic opportunity that LIMAR offers to cycling teams and groups.

Minimum order quantity: 10 helmets.

**Special price on request.**

### **Which models are available for customization?**

The whole AIR REVOLUTION range in all available colours, TONALE, DELTA, ETNA. Other models on request. Discover all models on [us.limar.com](https://us.limar.com)

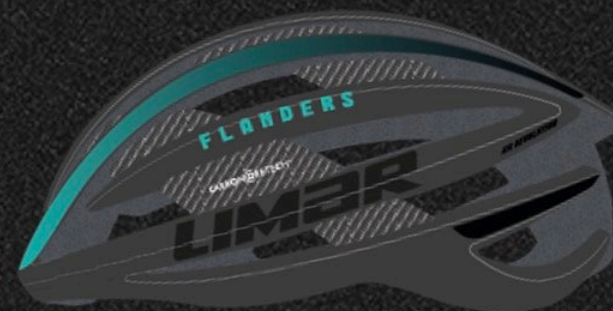

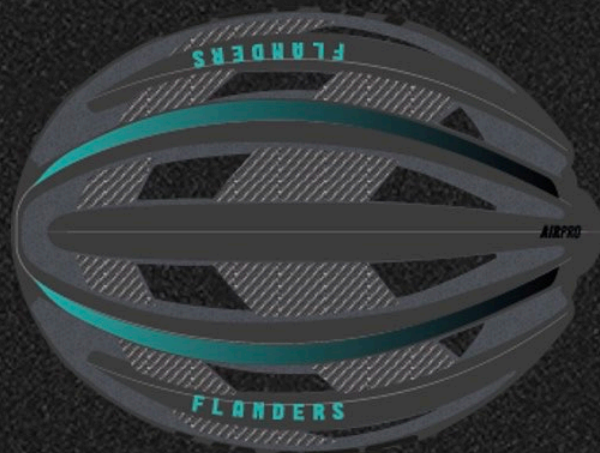

How it works:

1. Choose the model

2. LIMAR will add the combination of colours or graphics you prefer, the logo of your team and / or the name of the cyclist if you wish.

The decals material is a transparent foil for UV printing with a thickness of about 100 microns.

UV printing at a very high resolution (600×900 dpi) with fast drying UV LED ink and up to 150% flexibility.

The printing is fixed to the support by UV lamps.

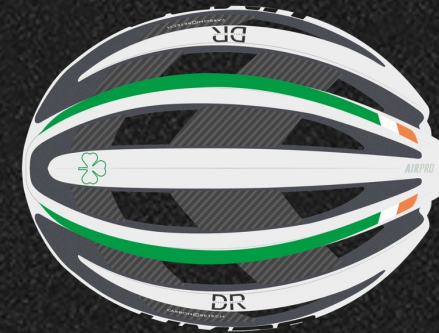

Many clubs have chosen Limar to make their Team unique.
