

Biohazard Kits

Take control.

* Excludes product and packaging.

aura³: the right biohazard kit.

Aura3 represents a first for the first aid industry, the first 100% recycled and fully recyclable first aid kit box on the market.

The fresh new box design feature colour coded, embossed, and screen-printed lids. The new graphics stand out from a distance, enabling quick identification in an emergency, especially in a busy workplace. Compact and convenient, the integral bracket allows easy placement and fixing.

Our kits provide an efficient, simple stepped approach to Biohazard control. Each kit contains individual applications with everything required to deal with an incident, all in one simple pack.

Grab. Use. Dispose.

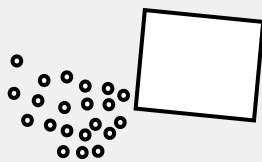

Everything required in one simple pack.

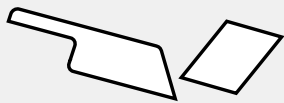

Kits contain individual applications, to be used as an efficient, simple stepped approach to biohazard control.

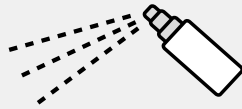

1. Put on the protective apron and gloves.

2. Sprinkle absorbent granules over spill.

3. Allow spill to turn gelatinous, then scoop and scrape it into biohazard bag.

4. Disinfect the area, and wipe down. Place everything into the biohazard bag and destroy.
