

# TECHNICAL INFORMATION

## DECO TraverSeal

**DECO PRODUCTS, INC.**

### *Product specification*

DECO TraverSeal is an water based non hazardous butyl acrylate- styrene designed to enhance and seal travertine and glazed tile applications. DECO TraverSeal will seal and protect your new construction job or restore and revive your existing project.

Environmentally Friendly

Totally Water- Based

Non- Hazardous

### B E N E F I T S

- Extra protection against most stains
- Provides surface protection from possible damage
- Looks more vibrant
- Excellent adhesion
- Helps reduce the chance of discoloration
- Beautiful shine
- Dries quick
- Outlasts most other industrial coatings
- Non- hazardous Non- toxic Non- flammable

### *Use: For approved applicators*

**New & existing construction:** Clean all oils and dirt from substrate prior to application. If previously sealed use "Tiny's Stripper" or similar non hazardous material to remove previous product. Once project is clean and dry apply a thin coat of DECO TraverSeal directly to substrate with a hand pump sprayer or roller and brush. Allow 4- 6 hours before walking on and up to 24 hours to cure before replacing furniture. Only one coat is required. However, for more shine apply a second coat directly after the first coat has taken its initial set.

### *Distributed by:*

BUILT GREEN™

Made in the U.S.A.

# SPECIFICATION DATA

---

## **PRODUCT BENEFITS**

Chemical Resistance  
Excellent Adhesion  
Water Blushing Resistant  
UV Protected  
Enhances Surfaces

## **LIMITATIONS**

Do not let product freeze. Do not dilute with water. Store indoors at temperatures above 32 degrees Fahrenheit. Do not apply product when temperatures are below 35 degrees Fahrenheit and above 95 degrees Fahrenheit. Use caution when applying on windy days and do not install when rain is imminent.

## **PREPARATION:**

Repair all cracked or damaged grout lines and deficiencies. Clean substrate thoroughly with power washer removing all loose dirt, oils and foreign objects. Use "Tiny's Stripper" or similar non- hazardous product to remove any previous sealer. Allow substrate plenty of time to dry to prevent trapping moisture behind the coating and harming the products effectiveness.

**STORAGE:** TraverSeals average shelf life is eight months from the date of manufacturing when stored in climate controlled conditions between 35 and 85 degrees and out of direct sunlight. TraverSeal is sensitive to multivalent irons such as: iron, copper, zinc and aluminum. Stability of TraverSeal can be compromised if contact occurs. This applies to storage tanks, pipes, mixers or containers.

**Environment Responsibility:** DECO TraverSeal is manufactured with non solvent materials and uses only top quality water based materials in our formulas. DECO TraverSeal is a water-based formulation reducing the dependence on solvents and the growing limitations they produce.

## **KEEP OUT OF REACH OF CHILDREN**

As a leading manufacturer of sealers, Deco Products is committed to providing customers with environmentally friendly products that meet the highest standards of products available today.

## **APPLICATION:**

Apply DECO TraverSeal without dilution to Travertine, glazed tile, natural or artificial stone with a low pressure pneumatic canister or garden type hand pump sprayer. Use a fine mist and apply to substrate until wet, avoiding drips and runs. Product can typically be re applied within 2 hours. Allow a minimum of 4- 6 hours before walking on and 24 hours before replacing furniture.

## **WARRANTY:**

DECO Products, Inc. warrants its products to be of the highest quality and will replace or refund the purchase price of the product if proven defective within one year of date of purchase. It is the buyers responsibility to determine that the product meets their needs and should be applied by a skilled applicator. Always perform a jobsite test prior to complete application to ensure desired results.

**IMPORTANT:** The descriptions, designs and data contained herein are presented for guidance only. Because there are many factors out of our control and knowledge which may affect the application, it is necessary that the applicator be skilled in determining potential problems and defects that might prevent our product from reaching desired results.

## **TECHNICAL SERVICES:**

Technical advise furnished by DECO Products, Inc. concerning any use or application of its products is as reliable as current technology allows and makes no warranty, expressed or implied, of any use of application for which such advise is furnished by its independent reps, salesmen or other source other than this technical data sheet..
