

KOHLER

Toilet tank, 1.28 gpf **K-4841**

Features

- Class Five® provides tremendous bulk waste flushing performance and best-in-class bowl cleanliness.
- Three preinstalled tank bolts save installation time.
- Canister flush valve provides smooth flushing actuation with consistent water usage, flush after flush.
- 1.28 gpf high-efficiency toilets provide significant water savings of up to 16,500 gallons per year versus an old 3.5gallon toilet without sacrificing performance.
- Qualifies as an HET(High-Efficiency Toilet). Consumer rebates are available in some municipalities.
- Polished Chrome trip lever.

Technology

- Single-flush gravity uses the force of gravity and a precisionengineered tank to create a strong siphon during flushing.
- KOHLERs canister flush valve harnesses the natural force of gravity and optimizes flushing performance.
- Class Five® flushing technology offers virtually plug-free performance and rinsing power for a clean bowl.
